Executive Summary

Domestic Violence Administration and Coordination provides administration, planning, coordination, evaluation, technical assistance and policy support for domestic violence intervention in Multnomah County.

Program Summary

This program offer provides professional staffing and administration for the county's Domestic Violence Coordination team. The DVCO team is responsible for administering county, state, and federal funds; coordinating collaborative responses to domestic violence; developing and coordinating effective intervention and prevention strategies; evaluating and assessing system responses; and providing technical assistance and policy advice to Multnomah County and City of Portland.

Initiatives and projects include: the Family Violence Coordinating Council, the Domestic Violence Fatality Review Team, and staff who provide training, consultation and capacity-building within the Department of County Human Services to identify and respond to the needs of those who are experiencing domestic violence. Staff also oversee victim services contracts and economic empowerment and employment program contracts including technical assistance, monitoring, and performance measurement to assess the impact and quality of contracted services. Programs in this offer include support for the Gateway Center, a coordinated one-stop center providing a wide range of services for survivors of domestic violence.

Domestic violence is also a leading cause of violent victimization, accounting for more than 40% of all reported violent crime and 25% of all homicides in Multnomah County. Multnomah County spends at least \$10 million addressing domestic violence-related criminal costs and \$2.5 million in victim services annually. Domestic violence costs the community at least another \$10 million in lost wages, health care and other costs. Domestic violence is a complex problem associated with a wide range of negative impacts, including short- and long-term physical and mental health problems; homelessness and housing instability; employment and education disruptions; criminal justice and court involvement; and higher health care costs.
