Department: County Human Services **Program Contact:** Ebony Clarke
Program Offer Type: Existing Operating Program **Program Offer Stage:** As Requested
Related Programs:
Program Characteristics: In Target

Executive Summary

This mental health service array serves over 11,000 at risk children and youth up to age 21. Services range from prevention/early intervention in the Early Childhood and Head Start programs to a comprehensive outpatient service system that successfully maintains children in their homes, schools, and community.

Program Summary

This array provides a continuum of services for at risk children by combining Early Childhood and Head Start Mental Health Services, Child Abuse Mental Health Services provided at CARES NW, Children's Mental Health Outpatient Services (Multnomah Mental Health), and Intensive In-Home and Community Mental Health Services for Children.

Services include evidence-based counseling for at risk children and their families, Incredible Years parent groups, early childhood classroom consultation, psychiatric day treatment, crisis respite, individual and group therapy, skill building and medication management. Care is coordinated with allied agencies such as Child Welfare, MESD and schools, Head Start programs, Developmental Disabilities, the juvenile justice system, Multnomah Wraparound, and physical healthcare providers to ensure the best outcomes for children and youth.

Services offered are culturally competent and promote the development of healthy attachments and positive parenting practices so that needs are addressed before they become acute. The goal of every program in this array is to promote educational success and to keep vulnerable children in home settings with their families, permanent foster care families or other long-term caregivers. The prevention and early intervention services for 5,410 children provided by the Early Childhood and Head Start Programs address child and family needs before they become more acute. The Child Abuse Mental Health program (CARES NW), reduces trauma of 945 vulnerable children and their families which, in turn, reduces their risk of developing long-term health and mental health problems. Outpatient Services deliver a family-centered model that leads to long-term stability for 4,621 children and parents. Intensive mental health treatment intervenes in crisis situations to keep children at home, in school, and out of trouble.

This service array is in keeping with the goals of both the Early Childhood and School Aged Policy Frameworks and the Early Learning Multnomah school readiness goals starting February 1, 2014 as they relate to integration, strengthening families and promoting educational success for children at risk for or with mental illness.

Performance Measures

Measure Type	Primary Measure	FY13 Actual	FY14 Purchased	FY14 Estimate	FY15 Offer
Output	Total children receiving outpatient services ¹	4,535	4,621	4,352	4,352
Outcome	% of children demonstrating improvement in their global distress score ²	72%	75%	71%	71%

Performance Measures Descriptions

¹ This measure is the number of unduplicated children and youth ages 0 - 20 with at least one reported mental health treatment encounter in any outpatient service. Healthshare of Oregon Multnomah Mental Health, Verity, and Multnomah Treatment Fund (MTF) claims data.
² The ACORN is a short and frequent survey on which the clients rate their symptoms. The global distress score is the average score of all items on the ACORN questionnaire. and with repeat measurement provides an accurate measure of ch
