**Program Characteristics:** In Target

### Executive Summary

The system of care for child victims of commercial sexual exploitation, under the oversight of the Victims' Services Implementation Team (VSIT) working to provide accountability and leverage significant community and other jurisdictional support, serves approximately 127 girls under 18 years of age annually with highly intensive and population-specific shelter and assertive engagement services in order to intervene with this significantly traumatized group of children.

### Program Summary

Commercial Sexual Exploitation of Children (CSEC) is a growing concern nationally. Locally, the Pacific NW has gained the unenviable reputation as a hub for this crime. Efforts to address CSEC comprehensively through a variety of strategies and services involving an exceptionally diverse group of stakeholders have been extremely successful. As a result, Multnomah County is now also seen as a place of promising practice in the field.

As a part of these efforts, a system of care for victims' services has been developed and implemented. Funds support crisis and short-term shelter; assertive engagement services; and system support, coordination; and on-going development through VSIT.

Services are provided in a holistic manner and coordinated systems collaboration among law enforcement, child welfare, juvenile justice, and community advocates has been established. In FY13 127 child victims were served, 73% of whom were served for six months or longer. 36 of these children received shelter services.

Results of a process evaluation conducted by the Department of County Human Services (DCHS) determined that 90% of those participating in VSIT found value in networking with others providing services in the system of care and 75% were satisfied with the overall functioning of the group.

### Performance Measures

Measure Type	Primary Measure	FY13 Actual	FY14 Purchased	FY14 Estimate	FY15 Offer
Output	# of youth served	127	55	140	140
Outcome	% of youth who remained enrolled in services for at least six months	73%	50%	50%	50%

### Performance Measures Descriptions

Due to trauma of the population, and based in a recovery-oriented model of healing, success is defined as keeping youth participating in services over time.
