Executive Summary

Promise Neighborhoods Initiative (PNI) provides culturally specific, community based services and supports for children of color, age 12-17, and their families, who experience disparate outcomes due to racism, intergenerational trauma, and poverty. Approximately 1,000 children will be supported to increase school attendance, decrease disproportionate disciplinary actions, increase educational success and support family stability.

Program Summary

Since 2010, the Coalition of Communities of Color has published several reports documenting disparities in a wide range of outcomes and services experienced by communities of color living in Multnomah County. In 2014, the County issued a Report Card on Racial and Ethnic Disparities in Multnomah County that highlighted the need for a multi-layered, cross sectional strategy to address disparities. Based on this community data and awareness, the Board is interested in improving the quality of life of youth experiencing generational poverty and discrimination through evidence-based solutions tailored to the specific cultural values and norms of each community, thus promoting long-term impact and positive results.

The Promise Neighborhood Investment will seek to achieve the following outcomes: increased student attendance, engagement, and performance; reduced disciplinary incidents, behavioral referrals, suspensions, and expulsions; increased parent engagement, involvement, and skills; improved student cultural identity, self-esteem, and communication; improved math, reading, literacy, and problem solving skills and test scores; increased school understanding of English Language Learner cultures and communities; increased student participation in SUN Community School and other after-school programs.
