Executive Summary

The Runaway Youth Services unit provides a 24/7 Reception Center, crisis line, shelter, support services, family counseling and reunification services, and gender-specific transitional housing services for approximately 2,500 youth ages 12-17 who have run away, or who are at risk of running away, as well as their families.

Program Summary

This program is a collaboration among DCHS, DCJ, and DHS. Eighty-five percent of those served return home or to another stable living environment at exit from service.

Runaway Youth Services include:

Reception Center - a collaboration among law enforcement, DCJ, and DHS - to directly receive from officers, youth found to have committed minor status offenses, such as curfew violation and truancy, as an alternative to detention. The Center is co-located with runaway crisis response services, creating a countywide "child receiving center" for youth up to age 18.

In addition, as part of one-time-only funds allocated in FY16, work is underway to expand Reception Center services into Gresham. This work is done in partnership with the Gresham Police Department and other local agencies, reflecting the increase in poverty and the high need for youth services in East County.

Crisis Line - 24/7 youth and family help line that serves as a central access point for services. Telephone and face-to-face intervention is also available. This is the only community-based resource for runaway youth and families in the County and fielded 1,800 calls in FY15.

Emergency Shelter - shelter and emergency assistance in an 11-bed, co-ed group home with services focused on family reunification. Youth receive food, safety from the street, medical care, transportation, and case management services. Shelter services operate within a 72-hour intervention timeline. Research shows that the longer a young person is separated from family (where no abuse is present), the potential for eventual reunification decreases and further involvement in the child welfare system increases.

Support Services/Case Management - intake; assessment; individual service plans targeting family reunification; addiction treatment referrals; mental health counseling; and family mediation.
