Executive Summary

Runaway Youth Services provide a 24/7 Reception Center, crisis line, shelter, support services, family counseling and reunification services, and gender-specific transitional housing services for approximately 2,108 youth ages 12-17 who have run away, or who are at risk of running away, as well as their families.

Program Summary

This program is a collaboration among DCHS, DCJ and DHS. 85% of those served return home or to another stable living environment at exit from service.

Runaway Youth Services include: Reception Center - a collaboration among law enforcement, DCJ and DHS - to directly receive from officers, youth found to have committed minor status offenses such as curfew violation, truancy, etc. as an alternative to detention. The Center is co-located with runaway crisis response services, creating a countywide "child receiving center" for youth up to age 18.

Crisis Line - 24/7 youth and family help line that serves as a central access point for services. Telephone and face-to-face, drop-in intervention is also available. This is the only community-based resource for runaway youth and families in the County.

Emergency Shelter - shelter and emergency assistance in an 11-bed, co-ed group home with services focused on family reunification. Youth receive food, safety from the street, medical care, transportation and case management services. Shelter services operate within a 72-hour intervention timeline. Research shows that the longer a young person is separated from family (where no abuse is present), the potential for eventual reunification decreases and further involvement in the child welfare system increases.

Support Services/Case Management - intake; assessment; individual service plans targeting family reunification; addiction treatment referrals; mental health counseling; and family mediation.

Gender Specific Transitional Housing provides two beds for girls in a group home setting. Research shows that a single gender environment results in better self-sufficiency outcomes for young women.

Services successfully impact detention reform efforts and reduce the number of children entering the child welfare system.
