Executive Summary

All families can meet their full potential to become economically stable through access to the supports and benefits they need. Recognizing that families are the experts in their own lives, the Multnomah Stability Initiative (MSI) offers a menu of services focused on meeting family goals around stability and income creation. MSI is part of the County's anti-poverty/prosperity initiative designed to assist low-income households in gaining the skills necessary to achieve increased income and future prosperity, as well as to address the root causes of societal poverty.

Program Summary

ISSUE: Families experiencing poverty often struggle to find the services and support they need to achieve economic stability.

PROGRAM GOAL: MSI addresses the need for flexible service interventions so that families facing economic challenges can achieve stability. The goals of MSI are aligned with six domains: income, housing, social capital, health and wellness, thriving children, and education.

PROGRAM ACTIVITY: Services are delivered by contracted partner staff using an Assertive Engagement approach, which recognizes the individual as the expert in their own life and instills hope. MSI offers families a selection of services and interventions to choose from. Families identify their interests, strengths, choices, and goals and are matched with resources and services that meet their expressed goals.

The activities of the MSI program include assisting families in stabilizing and securing housing; providing access to short-term rent assistance; making connections to legal clinic services; providing Assertive Engagement case management; connecting families to natural supports in the community like support groups and school programs; connecting people to job training, income and asset creation, and flex funds.

This offer includes MSI case management, the legal clinic, and related economic stability programs.
