Executive Summary

The SNAP outreach program provides information, referral and application assistance to households seeking benefits through the Federal Supplemental Nutrition Assistance Program (SNAP).

Program Summary

Oregon consistently ranks among the states with highest percentage of people experiencing hunger and food insecurity. The combination of high rent and low wages makes it difficult for many families to afford food. Additionally, a high percentage of senior citizens and people with disabilities find themselves choosing between using their limited incomes on food or other essentials, including rent, medicine and utilities. SNAP provides those experiencing hunger and food insecurity with a consistent and reliable budget for food each month.

The SNAP outreach program identifies populations that are typically eligible for SNAP, yet have low participation in the program, including families with children, seniors and people with disabilities, college students and immigrants. Program staff provide tailored SNAP outreach in a culturally responsive manner. These efforts provide 4,500 households with information on SNAP and other community resources, resulting in increases in participation among eligible populations.
