**Executive Summary**

Schools Uniting Neighborhoods Community Schools (SUN CS) improve educational outcomes for all children and support family stability. SUN CS are focused on local decision-making, responding to the unique needs of each community and honoring their cultures and preferences. SUN CS are neighborhood hubs where the school and partners from across the community come together to mobilize and organize community resources at schools to support children and families.

**Program Summary**

**ISSUE:** Low educational attainment rates, high unemployment, hunger and poor health outcomes continue in Multnomah County. Oregon has the fourth lowest graduation rate in the country, with significant disparities for students of color. This data is mirrored in Multnomah County. The barriers facing students are complex and reach far beyond the capacity and mission of schools. Addressing these barriers to learning and family stability requires support from across the community – including the County, the City of Portland and Oregon Department of Human Services.

**PROGRAM GOAL:** SUN Community School goals are for the school and community partners to align efforts to collectively increase educational success. Key results include consistent school attendance, credit attainment, and high school graduation. A 2014 Child Trends study showed that integrated student supports (community schools are an example of integrated student supports) contribute to student academic progress and are grounded in research on youth development as well as empirical research on factors that promote educational success (such as opportunities for extended learning and academic support, homelessness and family engagement).

**PROGRAM ACTIVITY:** Funding supports 79 of the 85 SUN schools in Multnomah County. These sites range from Kindergarten to 12th grade and provide programming in three main areas 1) Educational support and skill development for children and families (examples: academic classes such as Science Club; homework assistance; tutoring; mentoring; service learning, post-secondary planning, English as a Second Language; parenting; financial literacy) 2) Cultural and academic enrichment (examples: recreation, art, music, technology education) 3) Student and Family Support services, including links to basic needs, health and mental health services; community building; and family leadership development. SUN CS each have an on-site site manager who manages programs, coordinates and aligns partners, develops systems and engages youth, family, and community members.

Multnomah County DCHS manages the SUN CS nationally recognized model, which is a collaboration with the City of Portland, 6 school districts, non-profits, and the Oregon Department of Human Services.
