Program Characteristics: Backfill State/Federal/Grant, Out of Target

Executive Summary

Request new General Fund to maintain SUN Community Schools in 2 School Districts, where five*year federal grants are expiring. YFS is requesting full funding for Meadows Elementary and Centennial High in Centennial School District. YFS requests half of the cost for Hogan Cedars and Hollydale who were fully funded by 21st Century grant.

Program Description

ISSUE: Four SUN Community Schools (CS) in east Multnomah County are losing their federal 21CCLC grant funds at the end of June 2023. Of the two school districts, Centennial has indicated they cannot contribute funds to maintain the sites. Gresham Barlow will match County dollars to retain the sites.

PROGRAM GOAL: Students can thrive in school if their needs are met, they feel like they belong, and their culture and identity are honored. The goal of SUN CS is that all students and families, especially those from BIPOC communities, are healthy, educated, and prosperous. SUN CS supports this goal by reducing learning barriers, building on student and family assets, connecting families to services that meet their basic needs and uniting the community.

PROGRAM ACTIVITY: SUN CS supports students and their families by: 1) prioritizing relationships; 2) centering student learning; 3) integrating supports to help meet basic needs; and, 4) collaboration and leadership. There are 92 SUN schools in Multnomah County. Each Community School has a site manager who leads and coordinates the program. Site managers lead after school programming, engage and support families, and collaborate with school staff and community partners. During the pandemic and now living with the long term economic and social impacts of COVID, site managers have been critical in helping families navigate complex resource systems and provide safe culturally responsive enrichment. Students in SUN CS have shared that they love SUN because "it is fun" and "there are people who look like me there". Community Schools center students and meet them where they are at. This, in turn, leads to great engagement in schools and success in schools and beyond.
