### Executive Summary

The Child & Family Hunger Relief program lessens food insecurity and improves healthy eating by allowing SUN Community School (SUN CS) sites to increase the number of meals served to hungry children and families and develop on-going capacity to address family emergency food needs. The program served an additional 350,000 meals to children/family members in 11 SUN CS communities in FY13. The program is a partnership of the SUN Service System, Oregon Food Bank, six school districts, Portland Parks and Recreation, Multnomah County Library and Partners for a

### Program Summary

Oregon's food insecurity rate has hovered around 14% since the great recession, and the modest economic recovery and increases in jobs locally in past years have largely not touched folks living in poverty or without a post-secondary degree. Despite Oregon's high hunger rate, millions of dollars in available federal food funding for children goes untapped. 56% of children in the county are eligible for Free or Reduced (FRL) price meals through schools and 79% of SUN CS participants receive FRL. However, these students don't have access to food on non-school days and in summer only 31% of the students who eat FRL meals during the school year are fed. Parents/guardians of these students also suffer the effects of poverty including hunger, often foregoing regular meals so their children can eat.

The SUN CSs are designed to act as a vehicle for delivering services to children and families in an easily accessible and non-stigmatizing environment. This offer capitalizes on SUN's community-based capacity by 1) sustaining on-going capacity and relationships for weekend food distribution through 10 school-based emergency food pantries across the County and 2) increasing the number of meals served to hungry children and their families during summer. The offer supports staffing at 18 SUN CS during the summer to serve meals for 8-11 weeks in under-served communities in Mid and East County. Since summer 2010, this capacity provided approximately 130,000 meals that would not otherwise have been possible. In addition to providing support for weekend food pantries at 10 SUN CS sites, the project will continue development of ongoing partnerships and resources for weekend food in partnership with Oregon Food Bank. A 1.0 FTE Program Development Specialist coordinates the project, provides technical assistance to community partners, develops partnerships, coordinates a countywide hunger collaborative and secures in-kind resources and supports.

Healthy nutrition is vital to brain development and capacity to learn for children and youth in all age groups. Even moderate under-nutrition has lasting impacts on cognitive development and school performance. This offer leverages over \$1 million in federal meal reimbursement and significant in-kind support for weekend food for families from Oregon Food Bank and community donors, particularly faith and business partners who offer both donations and volunteer capacity.
