Program Offer Type: Existing Operating Program **Program Offer Stage:** As Adopted
Related Programs: 25159A
Program Characteristics: One-Time-Only Request

Executive Summary

This offer requests \$240,000 one time only County General Funds to continue the School Attendance Supports program to provide attendance case workers in three school districts to respond to high chronic absence rates – Parkrose, Centennial and Gresham Barlow. The funding in this offer continues the effort begun in FY16 in these school districts. The result of this funding is that each of the six Multnomah County School Districts will have attendance case workers on staff.

Program Summary

Nearly one in four Multnomah County students is chronically absent (attending fewer than 90% of school days), a critical tipping point that predicts academic struggles, disconnection from school and ultimately a severed path to family-sustaining employment. Chronic absenteeism, which disproportionately affects poor students and students of color, helps drive Multnomah County's graduation below the Oregon average, which itself is the fourth lowest graduation rate in the nation. Family and student stability, health, and access to services are critical to ensuring consistent attendance. An integrated approach linking school-based planning and early warning systems with targeted outreach and supports for high-risk students and families has demonstrated results both locally and nationally.

Findings from the Communities Supporting Youth attendance partnerships sites (3 years of data) have shown that two additional levels of depth are critical to the success of attendance efforts in our SUN Community Schools: 1) family outreach and case work services and 2) additional SUN coordination capacity. This offer provides that level of depth at ten (10) SUN Community Schools with high chronic absence rates in three (3) school districts. Case workers engage students who have severe chronic absence rates and their families who experience multiple challenges including food instability, homelessness, limited parenting skills, limited life skills, unemployment, and other issues. The initiative builds on proven strategies and existing school-based infrastructure by embedding advocates who act as case workers in SUN Community Schools.

The School Attendance Supports is a collaborative effort which leverages significant resources from school districts, the Oregon Department of Human Services, non-profits and the community.

Performance Measures

Measure Type	Primary Measure	FY15 Actual	FY16 Purchased	FY16 Estimate	FY17 Offer
Output	Number of students served with intensive attendance supports	N/A	N/A	N/A	240
Outcome	% of students who increase their attendance rate by 5% or more by the end of the school year	N/A	N/A	N/A	65%
