Executive Summary

Preschool for All (PFA) will give 3- and 4-year-olds in Multnomah County access to free early education. The number of children served each year will increase until it is universally available in 2030. PFA Coaches will collaborate with preschools to strengthen the quality of their programs. Coaching is a key strategy to ensure that preschool experiences are high-quality, inclusive, and culturally affirming.

Program Description

ISSUE: The number of high-quality preschool slots in our community must increase dramatically for Preschool for All to be available to all families in 2030. Preschool providers are undervalued and have not received regular or robust support.

PROGRAM GOAL: Preschool for All will invest in coaching as a key strategy to create high-quality preschool experiences. Research shows that relationship-based, individualized professional development is an effective way to build teachers' skills and knowledge.

PROGRAM ACTIVITY: Preschool for All will offer coaching and support to providers. Mt. Hood Community College Child Care Resource & Referral will hire, train, and lead a team of coaches to partner with in-home and center-based preschool providers. Multnomah Educational Service District will have a Preschool for All coach to work with school districts. Preschool for All coaching will be relationship-based and tailored to meet the needs of individual educators. Coaches will collaborate on goal setting and help providers be at their best. The active recruitment and support of Black, Indigenous, and Coaches of Color is essential to the success of Preschool for All.

Additional support for preschool providers will include training, financial incentives for ongoing participation in coaching, and business development coaching. Coaching, professional development and other support are for providers who meet PFA requirements and providers who will be ready to implement PFA in future years. Building a pipeline of future providers will help Preschool for All become universally available in 2030. It will also allow families to choose the early learning setting that's right for their child.
