In the opinion of Preston Gates & Ellis LLP, Note Counsel to the County ("Note Counsel"), assuming compliance with certain covenants of the County, interest on the Notes is excluded from the gross income of the owners of the Notes for federal income tax purposes. Interest on the Notes is not an item of tax preference for purposes of either individual or corporate alternative minimum tax. Interest on the Notes may be indirectly subject to corporate alternative minimum tax and certain other taxes imposed on certain corporations. See "Tax Matters" herein for a discussion of the opinion of Note Counsel. In the opinion of Note Counsel, interest on the Notes is exempt from Oregon personal income tax under existing law.

MULTNOMAH COUNTY, OREGON
$20,000,000 Tax and Revenue Anticipation Notes, Series 2006

DATED: July 5, 2006 (Date of Delivery) **DUE: June 29, 2007**

Interest Rate	Yield	CUSIP No.
4.500%	3.670%	625506 LM0

Security: The County's ad valorem property taxes, subject to the limits of Article XI, Sections 11 and 11b of the Oregon Constitution, and the full faith and credit of the County, including all unobligated revenues in the County's general fund, are pledged to the punctual payment of principal of and interest on the Notes. A separate account (the "Account") is held by the County as a special segregated account for the payment of the principal of and interest on the Notes. The County has covenanted to deposit into the Account by December 30, 2006 sufficient amounts to pay principal and interest due on the Notes at maturity.

Use of Proceeds: The Notes are issued pursuant to Oregon Revised Statutes 288.165 and Resolution No. 06-075 adopted May 18, 2006 by the Board of County Commissioners of Multnomah County, Oregon, which authorizes the County to borrow funds not to exceed $20,000,000 to meet current expenses of the County, incurred or to be incurred, during the fiscal year 2006-2007.

Payment Provisions: Principal and interest on the Tax and Revenue Anticipation Notes, Series 2006 (the "Notes") are payable at maturity on June 29, 2007 at the corporate trust office of J.P. Morgan Trust Company, N.A, the Paying Agent of Multnomah County, Oregon (the "County"). The Notes are not subject to redemption prior to their stated maturity.

Interest Computation: Interest on the Notes will be computed on a 30-day month, 360-day year basis, with no compounding of interest.

Book-Entry Only: The Notes are issued only as fully registered notes without coupons, and when issued, will be registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"), New York, New York. DTC is to act as Securities Depository for the Notes. Purchases of the Notes will be made in book-entry form, in the denomination of $5,000 or integral multiples thereof. Purchasers will not receive certificates representing their interest in Notes purchased. Purchasers will be recorded in book-entry form by DTC. Payment of principal and interest on the Notes will be made to DTC or, in certain instances, Participants. So long as Cede & Co. is the Owner, as nominee of DTC, references herein to the Owners or registered Owners shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners (as defined herein) of the Notes. See APPENDIX B: "BOOK-ENTRY ONLY SYSTEM" herein. So long as DTC or its nominee, Cede & Co., is the Owner, principal and interest payments are to be made directly to DTC. If the book-entry system is discontinued, principal and interest on the Notes will be payable upon presentation and surrender of each Note at the corporate trust office of the Paying Agent.

Not Bank Qualified: The County has not designated the Notes as "qualified tax-exempt obligations" for the purpose of Section 265 (b)(3)(B) of Internal Revenue Code of 1986, as amended, (the "Code") relating to the deductibility of interest by certain financial institutions.

Sale and Delivery: The Notes were offered for sale pursuant to the Notice of Sale and are subject to a final approving opinion of Preston Gates & Ellis LLP, Note Counsel. It is expected that the Notes will be available for delivery through the facilities of DTC in or through the Paying Agent for Fast Automated Securities Transfer on behalf of DTC, on or about July 5, 2006.

MULTNOMAH COUNTY, OREGON
$20,000,000
TAX AND REVENUE ANTICIPATION NOTES, SERIES 2006

THE NOTES

AUTHORIZATION

The Notes are being issued pursuant to Oregon Revised Statutes Section 288.165 and Resolution No. 06-075, adopted May 18, 2006, by the Board of County Commissioners of Multnomah County, Oregon, which authorizes the County to borrow funds not to exceed $20,000,000 to meet current expenses for fiscal year 2006-2007 pending the collection of the annual property taxes and other budgeted and unpledged revenues for such fiscal year. Oregon Revised Statutes Section 288.165 requires that notes issued in anticipation of taxes or revenues shall at no time exceed, in aggregate, 80 percent of the amount budgeted by the County to be received during the 2006-07 fiscal year. The Notes represent approximately 10.5 percent of the County's budgeted 2006-07 General Fund property taxes.

SECURITY

The County's ad valorem property taxes, subject to the limits of Article XI, Sections 11 and 11b of the Oregon Constitution and the full faith and credit of the County, including all unobligated revenues in the County's general fund, are pledged to the punctual payment of principal of and interest on the Notes. A separate account (the "Account") is held by the County as a special segregated account for the payment and redemption of the principal of and interest on the Notes. The County has covenanted to deposit by December 30, 2006 into the Account sufficient amounts to pay principal and interest due on the Notes at maturity.

ESTIMATED CASH FLOW 2006-07

The County is issuing $20,000,000 Tax and Revenue Anticipation Notes, Series 2006, to provide for current expenses for cash needs in its General Fund. Property tax collections and other significant revenue sources flow into the County at intervals that do not coincide with expenditures. The County has therefore found it necessary, pursuant to the authority under Oregon Revised Statutes Section 288.165, to issue tax and revenue anticipation notes to meet its needs for current expenses until property tax revenues and other revenues for the fiscal year 2006-07 are received; provision having been made in its adopted budget for the fiscal year.

The County certifies that its permanent tax rate is $4.34, i.e., the County is authorized to collect $4.34 for every thousand dollars of Assessed Value of most property in the County, every year. See the section “Property Tax and Valuation Information” for further explanation of the difference between Assessed Value and Real Market Value and for a discussion of the taxation system in general.

The 2006-07 Budget assumes overall growth in Assessed Value of 4.00%, which is based on the allowed 3% increase plus a factor for new construction. The County expects additional new construction worth approximately $465 million to be added to the tax roll in addition to the general 3% increase.

The combination of Assessed Value and the permanent tax rate will produce approximately $192 million in property tax revenue for the operation of General Fund County programs in 2006-07.

The following table depicts the County's General Fund monthly cash flow projections for fiscal year 2006-07.

THE COUNTY

MULTNOMAH COUNTY, OREGON

Multnomah County was incorporated in 1854 and was formed from parts of Clackamas and Washington counties as they existed at that time. Multnomah is the smallest county in the state (465 square miles) but is the most populous, with about 692,825 inhabitants as of 2005. Portland, the county seat, was established in 1851 and is the state's largest city, with a 2005 population of approximately 555,650. Five cities - Gresham, Troutdale, Fairview, Wood Village and Maywood Park - comprise the remainder of the incorporated part of the County.

Multnomah County's present Home Rule Charter was adopted in January 1967. The Charter has been amended several times by the voters of Multnomah County.

COUNTY STRUCTURE AND SERVICES PROVIDED

The County is governed by a Board of County Commissioners consisting of four non-partisan members elected from designated districts within the County and the Chair of the Board, elected at-large. The County organization and the basic services provided are as follows:

GOVERNMENT

The Board of County Commissioners conducts all legislative business of the County in one formal Board meeting per week. It holds one informal meeting per week for the purpose of reviewing the formal agenda, hearing information briefings from staff, departments and outside agencies, and receiving citizen input on agenda items. The Board also holds other hearings as required by State law or County Charter. Some meetings are held outside the Multnomah Building for greater citizen access.

The following table lists the principal officers and administrators for the County.

FINANCIAL INFORMATION

BASIS OF ACCOUNTING

Modified accrual accounting is utilized for the General, Special Revenue, Capital Project and Debt Service Funds. All other funds utilize the accrual basis of accounting. The County's accounting practices conform to generally accepted accounting principles (GAAP), and with the standards of financial reporting developed by the Government Finance Officers Association of the United States and Canada and the Government Accounting Standards Board. The Government Finance Officers Association of the United States and Canada has awarded the Certificate of Achievement for Excellence in Financial Reporting to Multnomah County for the fiscal years ending 1984 through 2004.

FISCAL YEAR

July 1 through June 30.

AUDITS

In accordance with the Oregon Municipal Audit Law (ORS 297.405 – 297.555 and 297.990) an audit is conducted at the end of each Fiscal Year by independent certified public accountants selected by approval of the Board Chair and the County Commissioners. This requirement has been complied with and the financial statements have received an "unqualified opinion" from the auditors. Such an opinion indicates there was no limitation on the scope of the auditor's examination and the financial statements were prepared in accordance with generally accepted accounting principles.

The County's audit for Fiscal Year 2004-05 was performed by Grant Thornton LLP, CPAs, Portland, Oregon. The auditors did not review this statement and offer no opinion regarding this Official Statement. A copy of the 2005 audit is available upon request to the County or can be found on the internet at http://www.co.multnomah.or.us/dbcs/finance/reports05/index.shtml.

1. Beginning in fiscal year 1998-99 the County accounted for certain public safety revenues and expenditures in a Public Safety Fund. Property tax revenues were recorded in the General Fund and cash transfers were made to the Public Safety Fund. The Public Safety Fund was solely supported by the General Fund and was used for General Fund public safety programs. The fiscal year 2000-01 ending fund balance for the Public Safety Fund was $2,361 (rounded to thousands). Beginning in fiscal year 2001-02 the Public Safety Fund was abolished and all expenditures are accounted for in the General Fund.

   The ending fund balance does not agree to the beginning fund balance on Table 2 due to accruals of revenues and expenditures.
2. License and permits increased primarily due to increased recording fees as a result of low interest rates which allowed many property owners to refinance their loans; Intergovernmental revenues declined due to reductions in State shared and reduction in rent from federal marshal revenues; beginning in fiscal year 2002-03 the County records its internal service revenues as charges for services instead of under the other category,; interest revenue is down due to very low interest rates and unrecognized losses on investments and low cash balances. Beginning in fiscal year 2002-03 the County began recording grant matching funds directly to the general fund programs that required matching funds. This resulted in an increase to program costs of about $94.8 million and decreased the cash transfers (other financing uses) by $97.9 million for a net difference of about $3 million.
3. The increase in taxes line item is due to the three year temporary personal income tax approved by the voters of Multnomah County effective from calendar year 2003 through calendar year 2005. The tax is a 1.25% levy on the Oregon taxable income of Multnomah County residents reduced by an exemption amount. Included in the "Taxes" revenue line item for fiscal year 2004 is $100,114 in personal income taxes, which represents the amount received from calendar year 2003 and part of 2004. The revenues generated from the tax will provide funding for public school districts within Multnomah County in addition to funding for elderly, disabled and mentally ill persons, and programs for public safety and health. In addition to the County's share of the income tax included in the Taxes revenue line item, the "General government" line item for fiscal year 2004 includes $113,677 for the income tax funding passed through to various school districts in the County. The taxes increased again in FY 2005 due to aggressive tax collection efforts on the three year temporary income tax. Over 70% of the taxes collected are passed on to County schools and is accounted for as a General Government expenditure.

1. Beginning in fiscal year 1998-99 the County accounted for certain public safety revenues and expenditures in a Public Safety Fund. Property tax revenues were recorded in the General Fund and cash transfers were made to the Public Safety Fund. The Public Safety Fund was solely supported by the General Fund and was used for General Fund public safety programs. The fiscal year 2000-01 ending fund balance for the Public Safety Fund was $2,361 (rounded to thousands). Tables 7 and 8 show the Public Safety Fund Revenues and Expenses and Balance sheet for fiscal years 1999-00 and 2000-01. Beginning in fiscal year 2001-02 the Public Safety Fund was abolished and all expenditures are accounted for in the General Fund.

   On April 26, 2002 the Board of County Commissioners approved a supplemental budget placing $9,127 (rounded to thousands) in a newly created General Reserve Fund that is maintained separate from the General Fund and is to be used for disaster relief, expenditures related to essential services that are related to public safety and life issues. The balance of the General Reserve Fund as of June 30, 2004 was $11,168 (rounded to thousands).

   The increase reflected in total liabilities in 2000-01 is due primarily to the fact that the Public Safety Fund was rolled into the General Fund.

2. Cash and investments increased due to the timing of paying accounts payable liabilities. Cash and investments increased about $6.4 million and accounts payable liabilities increased by about $8.7 million. Interest receivables declined due to the timing of investments maturing closer to June 30 and timing of interest coupon payments being made just prior to June 30. The General Fund Balance declined due to the planned drawdown by the Board of County Commissioners to balance the 2003-04 budget.

3. The increase in taxes receivable and deferred revenue line items are directly related to the County's three-year temporary income tax measure from calendar year 2003 through calendar year 2005. The tax is a 1.25% levy on the Oregon taxable income of Multnomah County residents reduced by an exemption amount.

4. The fund equity increased significantly in FY 2005 due to unanticipated increased collections of taxes and reduced spending as a result of the ITAX repeal initiative that was on the November 2004 ballot. County management cut back on expenses during the year to lessen the impact of the potential repeal. The repeal was defeated.

NOTE: GASB 34 had no impact on the County's General Fund Balance Sheet.

GENERAL RESERVE FUND

Beginning in fiscal year 2001-02 the County maintains a General Reserve Fund. The General Reserve Fund accounts for a reserve maintained separate from the General Fund at approximately 5% of the total budgeted revenues of the General Fund, to be used only for extreme emergencies related to disaster relief or public life and safety issues.

ACCRUED VACATION

County employees may accrue vacations and receive reimbursement upon termination of employment. As of June 30, 2005, the total accrued vacation liability in the General Fund and Other Funds was $18,638,000.

BUDGETING PROCESS

Multnomah County prepares annual budgets in accordance with the provisions of Oregon law for municipalities with a population exceeding 500,000 and with a Tax Supervising and Conservation Commission (TSCC).

At an advertised public meeting, the budget, prepared by the Chair of the Board, is adopted by the Board of County Commissioners by appropriation categories, i.e., personal services, materials and services, capital outlay and other appropriations by department for each fund.

The budget must be approved by the Board by May 15, and is then submitted to the TSCC. The TSCC holds a public hearing and then returns the budget to the County by June 25. Accompanying the budget is a letter of certification with instructions for corrections, recommendations and objections. The Board is required to respond to the TSCC recommendations and objections. Another public meeting is held at which the Board adopts the final budget, makes appropriations and declares tax levies.

Supplemental budgets may be prepared as needed during the Fiscal Year utilizing transfers between the appropriation categories which are approved by the Board. Supplemental budgets are considered and adopted by the same process as the regular budget, including public hearings and TSCC review.

INSURANCE

The County is exposed to various risks of loss related to: torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has established a Risk Management Fund (an internal service fund) to account for risk management activities, including payment of insurance policy premiums, payment of claims, loss control and prevention activities, including risk assessment, training and consultation to reduce the frequency and severity of loss, and to finance its uninsured risks of loss. The Risk Management Fund is governed by an ordinance adopted by the Board of County Commissioners. The ordinance requires that a financial status report be submitted to the Board of County Commissioners on an annual basis. Every two years an actuarial valuation is performed on the workers' compensation and liability programs to evaluate the County's Incurred But Not Reported ("IBNR") claims. The medical and dental IBNR claims are based on projected monthly claims costs, projected enrollment and the number of days it takes an average claim to clear the claims paying system. All IBNR claims are recorded as an expense in the year they are incurred and a corresponding liability is recorded in the Risk Management Fund. These liabilities are fully funded and totaled $10,240,032 for the Fiscal Year ended June 30, 2005.

The Risk Management Fund allocates the cost of providing claims servicing and claims payment by charging a premium to the various County programs based on the actuarial estimates or actual insurance premiums paid.

The Risk Management Fund provides risk of loss coverage as follows:

General liability, bodily injury and property damage of third parties resulting from the negligence of the County or its employees and errors and omissions risks. These risks are covered by the Risk Management Fund;

Property damage to County-owned facilities: The property coverage covers individual claims in excess of $50,000 for other perils and extra expense, and $250,000 for flood, and $100,000 for earthquakes;

Workers' compensation, bodily injury or illness to the employees while in the course of employment: Individual workers' claims up to $500,000 are covered by the Risk Management Fund. The County has an insurance policy for any claim that exceeds $500,000;

Employee medical, dental, vision, life insurance, and disability benefits: The County has a portion of these benefits covered by insurance and the remaining benefits are covered by the Risk Management Fund. On the portion covered by the Risk Management Fund, the County has stop loss protection for medical claims per individual that exceed $250,000; and

Unemployment insurance: All unemployment claims are covered by the Risk Management Fund.

The County did not have any significant reduction in insurance coverage from the prior year. The County has not experienced settlements in excess of insurance coverage in prior years. The County also monitors risk activity to ensure that proper reserves are maintained. Various County funds participate in the program.

The County also funds post-retirement benefits for a portion of medical insurance benefits for retirees between the ages of 58 and 65. Every two years an actuarial valuation is performed on the program to evaluate the unfunded liability and funding requirements. As of June 30, 2005, the total liability was $55,190,000, of which 10.6% was funded. The funded portion is included in retained earnings of the Risk Management Fund.

The Risk Management Fund allocates the cost of providing claims servicing and claims payment by charging a "premium" to the various funds based upon actuarial estimates of the amounts needed to pay prior and current year claims and to establish sufficient reserves. This charge considers recent trends in actual claims experience of the County as a whole. Claims liabilities also take into consideration recently settled claims, the frequency of claims, and other economic and social factors.

PENSION PLAN

Substantially all County employees are participants in PERS, an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for governmental units in the State of Oregon. PERS issues a publicly available financial report that includes financial statements and required supplementary information. Those reports may be obtained by writing:

PERS
PO Box 23700
Tigard, OR 97281-3700

The County's payroll for employees covered by PERS for the year ended June 30, 2005 was $231,505,885. All full-time County employees are eligible to participate in PERS. Benefits generally vest after five years of continuous service. Retirement is allowed at age 58 (Tier 1) or at age 60 (Tier 2) with unreduced benefits, but retirement is generally available after age 55 with reduced benefits. Tier 1 applies to employees hired or vested prior to January 1, 1996. Compulsory retirement age is 70. Tier 2 applies to employees hired after January 1, 1996. Retirement benefits, which are based on salary and length of service, are calculated using a formula and are payable in a lump sum or monthly using several payment options. PERS also provides death and disability benefits. These benefit provisions and other requirements are established by state statutes. The information for retirees, beneficiaries or terminated employees entitled to benefits but not yet receiving them is not present because PERS pools the risk related to such employees among all employers. PERS fully funds these obligations at the time of retirement or separation from service. Accordingly, the following information covers only current employees.

Funding Policy and Annual Pension Cost

The contribution requirements of the County are established and may be amended by the State. The County is contractually obligated by collective bargaining agreements to contribute the required 6.0% of annual covered payroll. The County is also required to contribute at an actuarially determined rate; the current rate is 6.78% of annual covered payroll. In addition to the funding requirements, the County also charges an internal rate of 5.25% of payroll to departments to fund the repayment of the pension obligation bonds issued in 1999. PERS policy provides for actuarially determined periodic contributions that are sufficient to pay benefits when due. Based on the assumptions of the December 31, 2003 actuarial valuation, the County's required contribution, including employees' contributions, was equal to the annual pension cost of $22,969,000.

Year Ended	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6/30/96	$23,900,000	100%	0
6/30/97	23,902,000	100	0

6/30/04	27,388,217	100	0
6/30/05	22,969,000	100	0

1. Does not include lump-sum payment of $180,000,000 which was made by the County in December of 1999 from the proceeds of pension bonds issued to fund estimated unfunded liability.

Significant actuarial assumptions used in the most recent valuation (December 31, 2003) include (a) a rate of return on the investment of present and future assets of 8% per year (net of administrative expenses); (b) projected salary increases due to inflation of 3.5% per year; and (c) projected wage growth, excluding seniority / merit raises, of 4.25% per year. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The County's unfunded actuarial accrued liability is being amortized using the closed group fixed term method. The remaining amortization period at December 31, 2003 was 24 years.

Information for years prior to those shown is not available from PERS.

On December 1, 1999, the County issued $184,548,160 in taxable Limited Tax Pension Obligation Revenue Bonds to pay its estimated UAAL to PERS. The County's employer contribution rate was adjusted to 9.21%, a fully funded rate according to PERS, beginning January 1, 2000.

OTHER POST EMPLOYMENT BENEFITS

GASB Statement 45 will require the County to determine the extent of its liability for post employment benefits and record the liability in its financial statements. The County generally does not provide post employment benefits however, by State law, the County is required to allow retirees and others leaving the County's employment to continue receiving health insurance by paying the premiums themselves at the same rate as current County employees. Eligible retirees have their benefits subsidized at 50%.

GASB 45 refers to this as an implicit subsidy, and therefore requires the corresponding liability to be determined and reported. The County will implement this pronouncement for the fiscal year ended June 30, 2008 as required for phase 1 governments. The County implementation of this pronouncement will include the hiring of an actuary to determine any post employment liabilities.

DEPOSITS AND INVESTMENTS

ORS 294 authorizes the County to invest in obligations of the U.S. Treasury, U.S. Government agencies and instrumentalities, bankers' acceptances guaranteed by an Oregon financial institution, commercial paper/corporate debt, repurchase agreements, State of Oregon Local Government Investment Pool and various interest-bearing bonds of Oregon municipalities. The County's investment policy prohibits the County from leveraging or borrowing funds to make investments.

The County's Investment Policy specifies the County's investment objectives, required diversification, certain limitations and reporting requirements.

DEBT LIMITATIONS

As provided in ORS 288.165 (6), Tax and Revenue Anticipation Notes are not subject to the following debt limits.

Limitations of Indebtedness, but NOT Applicable to the Notes.

ORS 287.054 limits indebtedness for general obligation bonds by counties to two percent of the latest Real Market Value of the County, subject to voter authorization.

2005-06 RMV	$78,098,031,822
Debt limitation (2.00% of RMV)	1,561,960,636
Applicable bonded debt	75,340,000
Debt margin	1,486,620,636
Percent of limit issued	4.82%

ORS 287.053 limits "limited tax bonded indebtedness" by counties to one percent of the latest Real Market Value of the County. This limit does not include voter approved General Obligation debt, pension obligations or obligations subject to annual appropriation.

2005-06 RMV	$78,098,031,822
Debt limitation (1.00% of RMV)	780,980,318
Applicable limited tax debt	82,217,196
Debt margin	698,763,122
Percent of limit issued	10.53%

ORS 238.694 (the "Pension Bonding Act") authorizes school districts, education service districts, community colleges and local governments, such as the County, to incur limited-tax indebtedness for payment of pension liabilities. The Pension Bonding Act provides that the issuance of limited-tax pension bonds is not subject to any debt limitations imposed under state or local law; however, the Pension Bonding Act restricts the amount of limited tax pension bonds issued by counties to an amount that does not exceed 5 percent of the Real Market Value of all taxable property in the county. Pension bonds are not general obligations as defined under State law and the County is not authorized to levy additional taxes to make pension bond payments. The Pension Bonding Act further authorizes the issuance of revenue bonds under the Uniform Revenue Bond Act to finance pension liabilities.

2005-06 RMV	$78,098,031,822

1. Payments due on June 1, 2006 have been deducted from the amounts outstanding.
2. These bonds were refunded by the 1999 Advance Refunding. The refunded maturities will be called on October 1, 2006. Not all callable maturities were refunded.
3. A portion of these bonds were refunded by the 2004 Advance Refunding. The refunded maturities will be called on August 1, 2008.
4. This Series 1999A was originally issued as a COP but was later converted to a Full Faith & Credit Obligation following a change in Oregon state law. These bonds were refunded by the 2004 Advance Refunding. The refunded maturities will be called on August 1, 2009.
5. These bonds were refunded by the 2004 Advance Refunding. The refunded maturities will be called on April 1, 2010.
6. Net Direct Debt is Gross Direct Debt less obligations or leases paid from non-tax sources.
7. These "on behalf of" financings are paid from Motor Vehicle Rental Taxes and reimbursed from payments by the entities shown.
8. Gross Direct Debt includes all voter approved General Obligation bonds, Limited Tax bonds and any other obligations, Certificates of Participation or leases backed by the full faith and credit of the County. Debt whose term is less than one year is not included.

DEBT AUTHORIZATION

None authorized but not issued at this time.

FUTURE FINANCING PLANS

The County is working with the State Courts, other local governments and citizens to determine the best approach to replace the County Courthouse. It is estimated that the replacement cost will be approximately $200 million. The process will take several years and it is expected that a G.O. Bond of about $150 million will be placed on the ballot for voter approval within the next three to five years.

1. The overlapping debt calculation was performed by Municipal Debt Advisory Commission as of May 1, 2006.
2. Gross Direct Debt includes all Unlimited General Obligation bonds and Limited Tax General Obligation bonds.
3. Net Direct Debt includes Gross Direct Debt less self-supporting General Obligation and Limited Tax debt.

NOTE: Full faith and credit obligations (such as pension obligations), revenue bonds, urban renewal and special assessment bonds, certificates of participation and short-term obligations are not included in the calculation of overlapping debt by the Oregon State Treasury. Overlapping debt amounts may differ significantly from previous reports due to changes in calculations because overlapping debt reports prepared prior to July 2005 included pension obligations in Gross and Net Debt calculations.

1. Three-year average. The levies were combined into the County's Permanent Rate according to Measure 50.
2. Five-year average.
3. Measure 50, which passed in 1997, requires that general obligation bonds and local option levies be approved by a majority of the voters at a general election in an even-numbered year or at any other election in which not less than fifty percent of the registered voters cast a ballot. In May of 2002, voters approved an extension of the Library Levy but less than fifty percent of the registered voters cast a ballot. Therefore, the Library Levy failed. Subsequently the County resubmitted the Library Local Option to voters in November of 2002 and the measure passed.

Note: The County expects to have a renewal of the Library Levy on the November 2006 ballot. The amounts are expected to be slightly higher than the current levy amount.

PROPERTY TAX AND VALUATION INFORMATION

GENERAL

The State of Oregon has not levied property taxes for general fund purposes since 1941 and obtains its revenue principally from income taxation.

Property tax administration governed by the Oregon Constitution, the State's taxation laws and regulations of the Department of Revenue, includes the process of assessment, equalization, levy and collection of taxes. A tax limitation measure ("Measure 50") that affects property tax collections was approved by the voters in the May 1997 special election. The implementing legislation changed the property tax administration system substantially, including changes to levy rates, assessments and equalization.

PROPERTY TAX LIMITATION

History

Article XI of the Oregon Constitution contains various limitations on property taxes levied by local jurisdictions. The Constitution calls for taxes imposed upon property to be segregated into two categories; one to fund the public school system (including community colleges) and one to fund government operations other than the public school system.

Measure 5, passed by voters in 1990, limits combined property tax rates for non-school government operations to $10 per $1,000 of Real Market Value ("RMV") per county-assigned tax code area. Similarly, combined property tax rates for the public school system are limited to $5 per $1,000 RMV for each tax code area. Property taxes are also subject to the limitations of Ballot Measure 50.

Measure 50 includes a reduction of property taxes with a rollback of property values used to calculate taxes for purposes of Measure 50 and a limitation on future increases in those values. The limitation on future increases in value limits collections under Measure 50's permanent tax rate limits.

Measure 50 did not repeal Measure 5, and the limits of the two measures both apply to property tax collections. Measure 5's $5/$1,000 limit on school operating taxes and $10/$1,000 limit on non-school operating taxes (the "Measure 5 limitations") are calculated based on RMV. Measure 50 limits tax collections under permanent rate limits by preventing Assessed Values from increasing by more than three percent unless the condition of the property changes.

Specific provisions include:

Permanent Tax Rates

Each local taxing district which imposed operating ad valorem taxes in Fiscal Year 1997-98 received a permanent tax rate. The permanent tax rate was calculated by dividing the total operating ad valorem taxes imposed by the County in Fiscal Year 1997-98 (reduced by an average of approximately 17 percent statewide) by the Assessed Value of that property. Measure 50 prohibits increases in permanent tax rates. Permanent tax rates are subject to the Measure 5 limitations. The County's permanent tax rate is $4.3434 per $1,000 Assessed Value, which will produce $195.1 million in 2004-05. Measure 5 limitations reduced the amount received from the levy by $5.7 million.

Assessed Value Limitations

Measure 50 reduced property values for most property tax purposes (except calculation of the Measure 5 limitations) to "Assessed Value." In tax year 1997-98, each property was assigned an Assessed Value which was equal to its 1995-96 RMV, less ten percent.

Measure 50 limits any increase in Assessed Value (and therefore any increase in tax revenues from the new permanent tax rates) to 3 percent per year for tax years after 1997-98. There are special exceptions for property that is substantially improved, rezoned, subdivided or annexed, and when property ceases to qualify for a property tax exemption. Changed property will be assigned an Assessed Value equal to Assessed Value of comparable property in the area.

Exemptions

The Notes are not exempt from Measure 50 or Measure 5 limitations. Measure 50 exempted from its limitations taxes levied to pay voter approved general obligation bonds. Levies to pay general obligation bonds are also exempt from the Measure 5 limitations. See "General Obligation Bonded Indebtedness" below.

Measure 50 also exempted the following levies, which are subject to Measure 5 limitations:

1. Levies to pay bonds and other borrowings, if they were made before December 5, 1996, and were secured by a pledge or explicit commitment of ad valorem property taxes or a covenant to levy or collect ad valorem property taxes.
2. Certain local government pension levies.

The County has no levies of the type described in paragraphs 1 and 2, above.

Local Option Levies

Local governments can impose levies in addition to the permanent rate under Measure 50 for limited term local option levies with voter approval that meet the voter participation requirements discussed below. Local option levies may be up to five years for any purpose or ten years for capital projects.

Local option levies are subject to "special compression" under Measure 5. If operating taxes for non-school purposes exceed Measure 5's $10/$1,000 limit, local option levies are reduced first to bring operating taxes into compliance with this limit. This means that local option levies can be entirely displaced by future approval of permanent rate levies for new governments, or by urban renewal and the City of Portland's pension levy.

Measure 50 requires that local option levies be approved by a majority of the voters at a general election in an even-numbered year or at any other election in which not less than fifty percent of the registered voters cast a ballot. In May of 2002, voters approved an extension of the Library Levy but less than fifty percent of the registered voters cast a ballot. Therefore, the Library Levy failed. Subsequently the County resubmitted the Library Local Option to voters in November 2002 and the measure passed, the levy expired on December 31, 2005.

Voter Participation

In order to be exempt from the cap provisions of Measure 50, general obligation bonds other than refunding bonds must be approved by a majority of the voters voting on the question either: (i) at a general election in an even numbered year, or (ii) at any other election in which not less than fifty percent (50%) of the registered voters eligible to vote on the question cast a ballot.

General Obligation Bonded Indebtedness

Levies to pay the following general obligation bonds are exempt from the limitations of Measure 50 and the Measure 5 limitations:

1. General obligation bonds authorized by a provision of the Oregon Constitution;
2. General obligation bonds issued on or before November 6, 1990; or
3. General obligation bonds incurred for capital construction or capital improvements; and
    a) if issued after November 6, 1990, and approved prior to December 5, 1996, by a majority of voters; or
    b) if approved after December 5, 1996, in accordance with Measure 50's voter participation requirements, or bonds issued to refund the preceding bonds.

The Notes are not exempt general obligation bonds.

Collection

The County Tax Collector extends authorized levies, computes tax rates, bills and collects all taxes and makes periodic remittances of collections to tax levying units. County tax collectors are charged with calculating public school and local government taxes separately, calculating any tax rate reductions to comply with tax limitation law, and developing percentage distribution schedules. The tax collector then reports to each taxing district within five days the amount of taxes imposed.

Tax collections are now segregated into two pools, one for public schools and one for local governments, and each taxing body shares in its pool on the basis of its tax rate (adjusted as needed with tax limitation rate caps), regardless of the actual collection experience within each taxing body. Therefore, in application, the amount for each taxing body becomes a pro rata share of the total tax collection record of all taxing bodies within the County. Thus, an overall collection rate of 90 percent of the county-wide levy indicates a 90 percent tax levy collection for each taxing body.

Taxes are levied and become a lien on July 1 and tax payments are due November 15 of the same calendar year. Under the partial payment schedule the first third of taxes are due November 15, the second third on February 15 and the remaining third on May 15. If property taxes are paid in full by November 15, a three-percent discount is allowed; if two-thirds of property taxes are paid by November 15, a two-percent discount is allowed. For late payments interest accrues at a rate of 1.33 percent per month. Property is subject to foreclosure proceedings four years after the tax due date.

A Senior Citizen Property Tax Deferral Program allows homeowners to defer taxes until death or sale of the home. Qualifications include a minimum age of 62 and household income under $24,500 for claims filed between January 1 and December 31, 2000 and $27,500 for claims filed after January 1, 2001. Taxes are paid by the State, which obtains a lien on the property and accrues interest at 6 percent.

2. The Assessed Value (AV) for 2002-03 increased at a rate lower than prior years generally because of three large property classes. The closure of Fujitsu reduced the property AV from $680 million to under $180 million. Additionally, AV of certain airline properties dropped significantly due to the economy and a lawsuit that the airlines won. Also, certain utility properties Assessed Value decreased.

PERSONAL INCOME TAX

On March 20, 2003 the Multnomah County Board of Commissioners passed Resolution 03-041 to refer a measure to the voters at the May 20, 2003 election to enact a three-year 1.25% income tax on Multnomah County residents for local public schools, public safety and human services. The Measure passed and will provide funds for county public schools, health and senior services, and public safety. It enacts a temporary, three year 1.25% personal income tax.

About 75% of revenues from this measure provided funds to school districts within the County for the 2003-2004, 2004-2005 and 2005-2006 school years.

25% of revenues from this measure provided funds for County services which included health care, mental health, senior services and public safety. The County ITAX has not been renewed and the County's FY 2006-2007 budget will reflect a decrease of revenues in the amount of approximately $130,000,000.

ECONOMIC AND DEMOGRAPHIC INFORMATION

GENERAL INFORMATION

Multnomah County is located in northwestern Oregon at the confluence of the Columbia and Willamette rivers, approximately 110 river miles and 80 highway miles from the Pacific Ocean. The County covers 465 square miles, mostly in the Willamette Valley, between the Tualatin Mountains west of the Willamette River and the Cascade Mountains to the east. The elevation ranges from 77 feet above sea level in Portland to 322 feet in Gresham and 1,224 feet at Big Bend Mountain in the Cascade foothills.

Early pioneers began settling the area in the 1840s. Portland was founded in 1851, and the County was incorporated in 1854, five years before Oregon was admitted to the Union.

LAND USE PLANNING

Oregon law requires that comprehensive land use planning be done at the city and county levels. To provide common direction and consistency within each city and county comprehensive plan, Oregon law directs the Land Conservation and Development Commission (LCDC) to adopt statewide planning goals and guidelines. All zoning and development within a city or county must conform to the comprehensive plan for that area.

Multnomah County submitted its comprehensive plan to LCDC for approval in 1979. LCDC ordered changes in the plan, which were made, and the plan was resubmitted in 1980. LCDC approved the plan in July 1980. The County updates its plan periodically.

As part of a comprehensive plan, an urban growth boundary must be established. This boundary is designed to contain urban sprawl and should encompass adequate land in each zoning category to support predicted growth. In the Portland metropolitan area, Metro, the regional government, has responsibility for adoption, amendment and maintenance of a regional urban growth boundary. Local comprehensive plans must conform to the regional growth boundary.

Metro has the authority to expand the urban growth boundary when it can demonstrate the need for more urban land. Metro's Region 2040 growth management program began in 1991 to explore how the metropolitan region might accommodate expected growth over the next 50 years and to link land-use and transportation planning. In December 1995, the Metro Council adopted the Region 2040 Growth Concept, which encourages compact development near existing and future transit to reduce land consumption and the need to convert rural land to urban uses, preserves existing neighborhoods, identifies "rural reserve areas" as areas not subject to urban growth boundary expansion that serve as separation between urban areas, sets goals for providing permanent open space areas inside the urban growth boundary and recognizes that cities on the boundary will grow and that cooperation is necessary to address common issues.

The Metro charter adopted a more detailed plan, the 2040 Framework, in December 1997. The 2040 Framework specifies how the region and local communities are to implement the 2040 Growth Concept and to provide performance measurements for local governments to meet. The 2040 Framework complies with state and regional planning goals.

The Metro Council approved a major expansion of the urban growth boundary (UGB) on December 5, 2002. This brings 18,638 acres into the boundary, with 2,851 acres dedicated to employment purposes, and includes new policies to protect existing neighborhoods, provide additional land for jobs and to improve local commercial centers and main streets.

POPULATION

Multnomah County is the most populous county in the state, with a 2005 population of 692,825. Cities located in the County include Portland, Gresham, Fairview, Maywood Park, Troutdale, and Wood Village. Portland, the county seat of Multnomah County, is the largest city in Oregon. The population's compound annual rate of change for 1996-2005 for Multnomah County is 1.11 percent.

INCOME

In recent years, per capita personal income in the Portland-Vancouver-Beaverton Metropolitan Statistical Area (MSA) has been consistently higher than in the state and nation. The Portland-Vancouver-Beaverton Metropolitan Statistical Area ("MSA"), consists of Multnomah, Washington, Clackamas, Columbia and Yamhill counties in Oregon and Clark and Skamania Counties in Washington.

The following table shows personal income and per capita income for the Portland-Vancouver-Beaverton MSA compared to similar data for the state and nation. The compounded annual rate of change in total personal income for the Portland-Vancouver-Beaverton MSA for 1995 to 2004 was 5.38 percent. The compounded annual rate of change in per capita income for the Portland-Vancouver-Beaverton MSA was 3.47 percent for 1995 to 2004, compared with 3.58 percent for the State, and 4.07 percent for the nation as a whole.

TRANSPORTATION AND DISTRIBUTION

Marine and Aviation

The Port of Portland is a port district encompassing Multnomah, Clackamas and Washington counties. The Port owns and maintains seven marine terminals, four airports, seven business parks and the Portland Shipyard. In tonnage of total waterborne commerce, the Port is currently ranked as the third largest volume port on the West Coast. Exports include wheat and barley, potash, beef pulp pellets, baled hay, forest products (logs, lumber, plywood and wood chips), paper and newsprint, scrap metal, soda ash and aluminum products. The Port of Portland is the largest wheat export port in the United States and the third largest grain exporting center in the world. Imports include cement, ore (limestone, iron ore and alumina), iron and steel products, petroleum products, crude salt, autos and trucks. Total maritime tonnage in 2005 was 11.5 million short tons.

The Portland International Airport ("PDX"), handled over 13.8 million passengers in 2005 and more than 275,000 tons of air cargo in 20054. The Portland-Vancouver-Beaverton MSA is served by 27 passenger carriers providing more than 550 scheduled domestic and international flights each day.

Rail

Portland is the western terminus for the east-west rail corridor which runs at river grade along the Columbia River. The County is served by two transcontinental railroads: the Burlington Northern Santa Fe and Union Pacific. The metropolitan area is also served by the Amtrak passenger train system.

Highways and Trucking

Transportation in Multnomah County is facilitated by a highway system that includes Interstate 5, the primary north-south highway artery of the West Coast, and by-pass routes I-205 and I-405 within and around the City of Portland. The primary east-west highway system is Interstate 84, which begins at Portland and heads east along the Columbia River to Idaho and beyond. Multnomah County and the Portland metropolitan area are also served by U.S. Highways 26 and 30, Oregon Highways 43, 213, 217, 224, 99E, 99W, the Tualatin Valley Highway, the historic Columbia River Highway, nine bridges across the Willamette River and two bridges across the Columbia River. One hundred national, regional and local truck lines serve the Portland metropolitan area.

Bus and Light Rail

The Tri-County Metropolitan Transportation District of Oregon ("Tri-Met"), the regional public transit agency, provides rail and bus service throughout Multnomah, Clackamas and Washington counties. In 2005, passengers boarded a bus or train approximately 95 million times.

Tri-Met's light rail system ("MAX") began operation in the fall of 1986 with the opening of the 15-mile line between downtown Portland and the City of Gresham to the east. The Westside extension of the light rail line into Washington County was completed in 1998, extending the line out to the cities of Beaverton and Hillsboro. Construction of the $125 million light rail link to PDX, Airport MAX, was completed in September 2001. In November 2000 Tri-Met began construction on a $350 million project to extend MAX from the Rose Quarter and Oregon Convention Center 5.8 miles into North Portland neighborhoods, medical facilities, and the Metropolitan Exposition Center; this extension called the Interstate MAX began serving residents in May, 2004. Tri-Met expects to begin construction on the $103.5 million Washington County Commuter Rail in 2007. This line will run from Beaverton to Wilsonville and is expected to begin service in 2009.

PUBLIC FACILITIES

Sewer

Three sanitary sewer districts and four cities provide sewer service to urban areas, including some unincorporated parts of the County.

Water

Multnomah County and the Portland metropolitan area have two water sources: The Bull Run watershed and the Columbia South Shore well field. These sources serve more than a quarter of all Oregonians. Water from Bull Run and the Columbia South Shore well field consistently meets or surpasses the water quality required by federal and state regulations.

The Bull Run watershed became the City of Portland's primary source of drinking water in 1895. The Bull Run is located east of Portland in the foothills of the Cascades. The City of Portland and the U.S. Forest Service jointly manage this highly protected watershed. The watershed can supply up to 225 million gallons of water per day (mgd). Average winter usage for the system is about 80 mgd; summertime use is about 120 mgd.

The Columbia South Shore well field is south of the Columbia River and just east of the Portland International Airport. More than 20 production wells produce as much as 90 mgd.

Police

The Multnomah County Sheriff's Office provides police protection throughout the unincorporated areas of the County. Portland, Gresham and Troutdale city police departments serve those needs within their boundaries; Maywood Park and Wood Village contract with the County Sheriff's office for police coverage. The Portland Bureau of Emergency Communications provides central dispatching for all of the County's emergency services, including rural and urban police and fire, operating with a 911 emergency call system.

HIGHER EDUCATION

Multnomah County and the Portland metropolitan area are the educational centers for the State of Oregon. Within the Portland metropolitan area are several post-secondary educational systems.

Portland State University ("PSU") is the largest of seven campuses in the Oregon State System of Higher Education. PSU is located on a campus encompassing an area of over 28 blocks adjacent to the downtown business and commercial district of Portland. PSU offers over 100 undergraduate, masters, and doctoral degrees, as well as graduate certificates and continuing education programs. Fall 2005 enrollment was over 25,000. PSU is noted for the development of programs specifically designed to meet the needs of the urban center.

Oregon State University and the University of Oregon, with the other two major universities in the Oregon State System of Higher Education, have field offices and extension activities in the Portland metropolitan area.

Oregon Health & Science University's ("OHSU") Marquam Hill Campus sits on more than 100 acres overlooking downtown Portland and occupies 31 major buildings on the hill. OHSU includes the schools of dentistry, medicine, nursing, and science and engineering. OHSU also includes Doernbecher Children's Hospital and OHSU Hospital, as well as primary care and specialty clinics, research institutes and centers, interdisciplinary centers, and community service programs. Each year, OHSU serves approximately 175,000 medical and dental patients and educates more than 3,900 students and trainees in health information technology, sciences, environmental engineering, computation and management. Competitive funding awards have nearly quadrupled during the last decade; OHSU receives nearly 260 million annually. OHSU employs approximately 18,000 health professionals.

Independent colleges in the Portland area include Lewis & Clark College, University of Portland, Reed College, Linfield College-Portland Campus, ITT Technical Institute and Marylhurst University; and several smaller church-affiliated schools, Warner Pacific College, Concordia University, George Fox University, and Cascade College. Western States Chiropractic College, Oregon College of Oriental Medicine, National College of Naturopathic Medicine, and East-West College of the Healing Arts are also located in the area.

Community colleges serving the Portland area include Portland Community College, which operates educational centers at several locations throughout the area, in neighboring Washington County, and in Columbia County to the north; Mt. Hood Community College in Gresham, east of Portland; and Clackamas Community College at Oregon City in Clackamas County. The Division of Continuing Education of the State System of Higher Education offers a diversified program for adult education in the City of Portland, principally through evening classes but also through correspondence classes and other services.

TOURISM, RECREATION AND CULTURAL ATTRACTIONS

According to the Portland Oregon Visitors Association ("POVA"). Room occupancy rates for, hotels, motels, and B&Bs in the Portland area, averaged 67.6 percent through November, 2005, up from 62.7 percent during the same period in 2004. Local and diverse cultural and recreational facilities include the Oregon Symphony and associated musical organizations, Portland Center for the Performing Arts, Oregon Ballet, Portland Opera, Portland Art Museum, Oregon Historical Society Museum, Children's Museum, OMSI, Western Forestry Center, Japanese Gardens, International Rose Test Gardens, the Classical Chinese Garden and the Oregon Zoo. The Portland metropolitan area includes more than 40 other local theater and performance art companies and ten additional gardens of special interest. Portland is the home of Forest Park, the largest urban park in the United States with a total of more than 5,000 acres.

The National Basketball Association ("NBA") Portland Trail Blazers play at the Rose Garden Arena complex (which includes the Memorial Coliseum), as do the major-junior Western Hockey League ("WHL") Portland Winterhawks. PGE Park, which was renovated and reopened in 2001, is home to the Portland Beavers (Triple-A), the Portland Timbers (A-League soccer), and the Portland State Vikings (Division I college football and women's soccer). A prime tourist attraction for the City, known as the City of Roses, is the three-week long Portland Rose Festival held each June, since 1907. More than two million participants enjoy the Festival annually, and the Festival generates more than $80 million for the region's economy and local businesses.

The Pacific Ocean and the Oregon Coast lie to the west, the Columbia Gorge and Mt. Hood, Mt. St. Helens and Mt. Adams in the Cascade Range lie to the east, and the fertile Willamette Valley to the south offers hiking, camping, swimming, fishing, sailboarding, skiing, wildlife watching, and numerous other outdoor activities.

INFORMATION SOURCES

Historical data been collected from generally accepted standard sources, usually from public bodies. In Oregon, data are frequently available for counties and also, to a lesser degree, for cities. This statement presents data for Multnomah County and for the Portland Metropolitan Statistical Area.

THE INITIATIVE PROCESS

The Oregon Constitution, Article IV, Section 1, reserves to the people of the State the initiative power to amend the State constitution or to enact State legislation by placing measures on the statewide general election ballot for consideration by the voters. Oregon law therefore permits any registered Oregon voter to file a proposed initiative with the Oregon Secretary of State's office without payment of fees or other burdensome requirements. Consequently, a large number of initiative measures are submitted to the Oregon Secretary of State's office, and a much smaller number of petitions obtain sufficient signatures to be placed on the ballot.

PROPOSED INITIATIVE MEASURES WHICH QUALIFY TO BE PLACED ON THE BALLOT

To be placed on a general election ballot, the proponents of a proposed initiative must submit to the Secretary of State initiative petitions signed by a number of qualified voters equal to a specified percentage of the total number of votes cast for all candidates for governor at the gubernatorial election at which a Governor was elected for a term of four years next preceding the filing of the petition with the Secretary of State. For the 2004 general election, the requirement was eight percent (100,840 signatures) for a constitutional amendment measure and six percent (75,630 signatures) for a statutory initiative. Any elector may sign an initiative petition for any measure on which the elector is entitled to vote.

The initiative petition must be submitted to the Secretary of State not less than four months prior to the general election at which the proposed measure is to be voted upon. As a practical matter, proponents of an initiative have approximately two years in which to gather the necessary number of signatures. State law permits persons circulating initiative petitions to pay money to persons obtaining signatures for the petition. If the person obtaining signatures is being paid, the signature sheet must contain a notice of such payment.

Once an initiative measure has gathered a sufficient number of signatures and qualified for placement on the ballot, the State is required to prepare a formal estimate of the measure's financial impact. Typically, this estimate is limited to an evaluation of the direct dollar impact only.

Historically, a larger number of initiative measures have qualified to be placed on the ballot than have been approved by the electors. According to the Elections Division of the Oregon Secretary of State, the total number of initiative petitions that have qualified for the ballot and the numbers that have passed in recent general elections are as follows:

MEASURE 37

At the November 2004 General Election, Oregon voters approved ballot Measure 37. The Measure will add several new statutory provisions to Oregon law. The measure entitles certain property owners either (a) to compensation for the reduction in the market value of their property as the result of certain land use regulations (the "Restrictions") that are enacted or enforced against the property; or (b) to have their land released from the Restrictions.

"Restrictions" do not include regulation of nuisances, public health and safety regulations, regulations required to comply with federal law, regulations restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing or regulations enacted prior to the date the current property owner or a member of that owner's family acquired the property. The Measure indicates that a government is not required to pay claims that arise under the Measure unless the government affirmatively acts to fund those claims. If claims are not paid within two years after they accrue, Measure 37 releases the property from the Restrictions, and it is not clear whether the government imposing the Restriction have any residual liability. Claims for Restrictions enacted prior to the effective date of the Measure must be filed within two years of the effective date of the Measure or the date the government(s) applies the Restriction to the property, whichever is later.

The measure does not change the Oregon Constitution, and the Oregon Legislative Assembly has the power to modify Measure 37.

The County has acted to enforce Restrictions; however, it is extremely difficult to predict the cost to the County because: (1) Measure 37 only applies to some property owners and to some land use regulations; (2) Measure 37 allows governments to release property from Restrictions instead of paying claims; (3) Measure 37 may not require governments to pay claims that governments choose not to fund; (4) the County can not predict how Measure 37 will be interpreted; and, (5) the Oregon Legislative Assembly may change the provisions of Measure 37. Based on the County's best estimates at this time the value of the potential claims filed against the County amount to about $2 million. The County has granted one waiver which represented about $1.2 million.

RECENT STATE OF OREGON DEVELOPMENTS

The State's tax receipts have been less than the amounts the State has budgeted to receive. The County's Human Services Department and Community Corrections function are recipients of major state assistance to their programs; state shortfalls will result in the loss of approximately $10 million in state support of their activities. The Board of County Commissioners has determined that the State funding shortfall will not be backfilled by County General Fund resources.

TAX MATTERS

TAX EXEMPTION

In the opinion of Note Counsel, assuming compliance with certain covenants of the County, interest on the Notes is excluded from gross income for federal income tax purposes under existing law. Interest on the Notes is not an item of tax preference under the Internal Revenue Code of 1986, as amended (the "Code"), for purposes of determining the alternative minimum tax imposed on individuals and corporations. Interest on a Note held by a corporation (other than an S corporation, regulated investment company, real estate investment trust or real estate mortgage investment conduit) may be indirectly subject to alternative minimum tax because of its inclusion in the earnings and profits of the corporate holder.

The Code sets forth certain requirements that must be met subsequent to the issuance and delivery of the Notes for interest on the Notes to remain excluded from gross income for federal income tax purposes. The County has covenanted to comply with such requirements. Noncompliance with such requirements may cause the interest on the Notes to be included in gross income of the owners of the Notes for federal income tax purposes, retroactive to the date of issue of the Notes. Note Counsel's opinion assumes compliance with these covenants and Note Counsel has not undertaken to determine, or to inform any person, whether any actions taken or not taken, or events occurring or not occurring, after the date of issuance of the Notes may affect the tax status of interest on the Notes.

The County has **not** designated the Notes as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3)(B) of the Code.

In the opinion of Note Counsel, interest on the Notes is exempt from Oregon personal income tax under existing law.

OTHER FEDERAL TAX MATTERS

Interest on a Note held by a foreign corporation may be subject to the branch profits tax imposed by the Code. Ownership of the Notes may give rise to collateral federal income tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry the Notes. Note Counsel expresses no opinion as to any such collateral federal income tax consequences. Purchasers of the Notes should consult their own tax advisors as to collateral federal income tax consequences.

The initial public offering price of the Notes may be greater than the amount payable on such Notes at maturity. Note Counsel expresses no opinion herein with respect to the treatment of such excess of offering price over amounts payable at maturity. Investors should seek advice thereon from their own tax advisor.

RATING

Moody's Investors Service, Inc. ("Moody's") has assigned a MIG 1 rating to the Notes. An explanation of the significance of the rating may be obtained only from the rating agency. There is no assurance that the rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by the rating agency, if in its judgment circumstances so warrant. Any downward revision or withdrawal of the ratings may have an adverse effect on the market price of the Notes.

LITIGATION

There is no litigation pending or threatened against the County that would affect the validity of the Notes. There is no litigation pending or threatened against the County that would impair the County's ability to make principal and interest payments on the Notes when due, nor which would materially and adversely affect the financial condition of the County.

LEGAL MATTERS

Preston Gates & Ellis LLP, Portland, Oregon, Note Counsel to the County, will render an opinion with respect to the validity of and tax status with respect to the Notes. The form of opinion of Note Counsel to be rendered in connection with the issuance of the Notes is set forth in Appendix C hereto. Note Counsel has reviewed this Official Statement only to confirm that the portions of it describing the Notes and the authority to issue the Notes, and the treatment of the Notes under federal and state tax laws is accurate. All other representations of law and factual statements contained in this Official Statement, including but not limited to all financial and statistical information and representations contained herein, have not been reviewed or approved by Note Counsel.

CONTINUING DISCLOSURE UNDERTAKING

Pursuant to SEC Rule 15c2-12, as amended (17 CFR Part 240, § 240.15c2-12) (the "Rule"), the County, as the "obligated person" within the meaning of the Rule, has agreed to execute and deliver a Continuing Disclosure Certificate, substantially in the form attached hereto as Appendix D for the benefit of the Note owners. The County previously has executed and delivered Continuing Disclosure Certificates with respect to debt issues for which the County is the "obligated person" as defined in the Rule and has not failed to comply with any prior such Continuing Disclosure Certificates.

CERTIFICATE WITH RESPECT TO OFFICIAL STATEMENT

At the time of the original delivery of and payment for the Notes, the Authorized Representative of the County will deliver a certificate addressed to the successful Proposer to the effect that he has examined this Official Statement and the financial and other data concerning the County contained herein and that, to the best of his knowledge and belief, (i) the Official Statement, both as of its date and as of the date of delivery of the Notes, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading and (ii) between the date of the Official Statement and the date of the delivery of the Notes there has been no material adverse change in the affairs (financial or other), financial condition or results of operations of the County except as set forth in the Official Statement or an amendment thereto.

MISCELLANEOUS

All quotations from and summaries and explanations of law herein do not purport to be complete, and reference is made to said laws for full and complete statements of their provisions. Information with respect to the County herein has been supplied by the County, and the successful Proposer have relied on the accuracy and completeness of such information.

The information set forth herein should not be construed as representing all conditions affecting the County or the Notes. Additional information may be obtained from the County. Statements relating to other documents are qualified in their entirety by reference to the provisions of such documents in their complete form.

The Official Statement is not to be construed as a contract or agreement between the County and the purchasers or holders of any of the Notes. Any statements made in this Official Statement involving matters of opinion are intended merely as opinion and not as representation of fact. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the County, or its agencies and authorities, since the date hereof.

CONCLUDING STATEMENT

The County deems that this Official Statement is final for purposes of Rule 15c2-12, and does not contain any untrue statements of a material face or omit any statement of a material fact not misleading. The undersigned certifies that to the best of his knowledge, fact, and belief, (i) this Official Statement, both as of its date and as of the date of delivery of the Notes, does not contain any untrue statement of a material fact or omit any statement of a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading and (ii) between the date of this Official Statement and the date of delivery of the Notes there has been no material change in the affairs (financial or other), financial condition or results of operations of the County except as set forth in or contemplated by this Official Statement.

The execution and delivery of this Official Statement has been duly approved by the County.

MULTNOMAH COUNTY

Authorized Representative

APPENDIX A
RESOLUTION NO. 06-075

(THIS PAGE LEFT BLANK INTENTIONALLY)

BEFORE THE BOARD OF COUNTY COMMISSIONERS
FOR MULTNOMAH COUNTY, OREGON

RESOLUTION NO. 06-075

Authorizing the Issuance and Sale of Short-Term Promissory Notes, (Tax and Revenue Anticipation Notes), Series 2006 in the Amount of $20,000,000

The Multnomah County Board of Commissioners Finds:

a. Prior to the receipt of sufficient monies from tax collections and from other budgeted and unpledged revenues which the County estimates will be received from other sources during the fiscal year 2006-07, there is a need for the County to contract indebtedness, not to exceed in the aggregate its estimated maximum cumulative cash flow deficit as defined in regulations of the United States Treasury, by the issuance of tax and revenue anticipation notes (the "Notes") to meet the County's current expenses for fiscal year 2006-07.

b. Oregon Revised Statutes Section 288.165 permits the issuance of tax and revenue anticipation notes in an amount which does not exceed eighty percent (80%) of the amount budgeted by the County to be received during the 2006-07 fiscal year.

c. Prior to the sale and delivery of the Notes, provision therefor shall have been made in the County's duly adopted budget which shall have been filed in the manner as provided by law. The County shall levy and collect ad valorem taxes as provided in the budget.

The Multnomah County Board of Commissioners Resolves:

1. Issuance of Notes. The Board of County Commissioners of the County authorizes the issuance and competitive sale of Tax and Revenue Anticipation Notes, Series 2006 in an amount not to exceed $20,000,000. The Notes are issued pursuant to Oregon Revised Statutes Section 288.165. The Notes shall be issued in denominations of $5,000 each, or integral multiples thereof, as negotiable notes of the County and shall bear interest at a true effective rate not to exceed five percent (5.00%). The County authorizes the Chief Financial Officer, the Treasury Manager, or the Director of Finance & Risk Management (each an "Authorized Representative") to determine the principal amount, interest rate, denominations and to determine the underwriter for the purchase of the Notes. The Notes shall not be issued prior to the beginning of, and shall mature not later than, the end of the fiscal year in which such taxes or other revenues are expected to be received. The Notes issued in anticipation of taxes or other revenues shall not be issued in an amount greater than eighty percent (80%) of the amount budgeted to be received in fiscal year 2006-07.

2. Title and Execution of Notes. The Notes shall be titled "Multnomah County, Oregon Tax and Revenue Anticipation Notes, Series 2006" and shall be executed on behalf of the County with the manual or facsimile signature of the Chair of the Board of County Commissioners and shall be attested by an Authorized Representative. The Notes may be initially issued in book-entry form as a single, typewritten note and issued in the registered name of the nominee of The Depository Trust Company, New York, New York in book-entry form. The Notes may be issued without certificates being made available to the note holders except in the event that the book-entry form is discontinued in which event the Notes will be issued with certificates to be executed delivered and transferred as herein provided.

3. Appointment of Paying Agent and Note Registrar. The Authorized Representative is authorized to designate a Paying Agent and Note Registrar for the Notes.

4. <u>Book-Entry System</u>. The ownership of the Notes shall be recorded through entries on the books of banks and broker-dealer participants and correspondents that are related to entries on The Depository Trust Company book-entry system. The Notes shall be initially issued in the form of a separate, fully registered typewritten note (the "Global Certificate"). The Global Certificate shall be registered in the name of Cede & Co. as nominee (the "Nominee") of The Depository Trust Company (the "Depository") as the "Registered Owner," and such Global Certificate shall be lodged with the Depository or the Paying Agent and Note Registrar until maturity of the Note issue. The Paying Agent shall remit payment for the maturing principal and interest on the Notes to the Registered Owner for distribution by the Nominee for the benefit of the note holders (the "Beneficial Owner" or "Record Owner") by recorded entry on the books of the Depository participants and correspondents. While the Notes are in book-entry-only form, the Notes will be available in denominations of $5,000 or any integral multiple thereof.

The Authorized Representative has filed with the Depository a Blanket Issuer Letter of Representations, dated March 9, 1995, to induce the Depository to accept the Notes as eligible for deposit at the Depository. The County is authorized to provide the Depository with the Preliminary Official Statement, together with the completed Depository's underwriting questionnaire.

The execution and delivery of the Blanket Letter of Representations and the providing to the Depository of the Preliminary Official Statement and the underwriting questionnaire shall not in any way impose upon the County any obligation whatsoever with respect to persons having interests in the Notes other than the Registered Owners of the Notes as shown on the registration books maintained by the Paying Agent and Note Registrar. The Paying Agent and Note Registrar, in writing, shall accept the book-entry system and shall agree to take all action necessary to at all times comply with the Depository's operational arrangements for the book-entry system. The Authorized Representative may take all other action to qualify the Notes for the Depository's book-entry system.

In the event (a) the Depository determines not to continue to act as securities depository for the Notes, or (b) the County determines that the Depository shall no longer so act, then the County will discontinue the book-entry system with the Depository. If the County fails to identify another qualified securities depository to replace the Depository, the Notes shall no longer be a book-entry-only issue but shall be registered in the registration books maintained by the Paying Agent and Note Registrar in the name of the Registered Owner as appearing on the registration books of the Paying Agent and Note Registrar and thereafter in the name or names of the owners of the Notes transferring or exchanging Notes in accordance with the provisions herein.

With respect to Notes registered in the registration books maintained by the Paying Agent and Note Registrar in the name of the Nominee of the Depository, the County, and the Paying Agent and Note Registrar shall have no responsibility or obligation to any participant or correspondent of the Depository or to any Beneficial Owner on behalf of which such participants or correspondents act as agent for the Registered Owner with respect to:

i. the accuracy of the records of the Depository, the Nominee or any participant or correspondent with respect to any ownership interest in the Notes,

ii. the delivery to any participant or correspondent or any other person, other than a Registered Owner as shown in the registration books maintained by the Paying Agent and Note Registrar, of any notice with respect to the Notes, including any notice of redemption,

iii. the payment to any participant, correspondent or any other person other than the Registered Owner of the Notes as shown in the registration books maintained by the Paying Agent and Note Registrar, of any amount with respect to principal or interest on the Notes. Notwithstanding the book-entry system, the County may treat and consider the Registered Owner in whose name each Note is registered in the registration books maintained by the Paying Agent and Note Registrar as the Registered Owner and absolute owner of such Note for the purpose of payment of principal and interest with respect to such Note, or for the purpose of registering transfers with respect to such Note, or for all other purposes whatsoever. The County shall pay or cause to be paid all principal of and interest on the Notes only to or upon the order of the Registered Owner, as shown in the registration books maintained by the Paying Agent and Note Registrar, or their representative attorneys duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the County's obligation with respect to payment thereof to the extent of the sum or sums so paid.

Upon delivery by the Depository to the County and to the Registered Owner of a Note of written notice to the effect that the Depository has determined to substitute a new nominee in place of the Nominee then the word "Nominee" in this Resolution shall refer to such new nominee of the Depository, and upon receipt of such notice, the County shall promptly deliver a copy thereof to the Paying Agent and Note Registrar.

5. Payment of Notes. If the book-entry system has been discontinued, then the principal of and interest on the Notes shall be payable upon presentation of the Notes at maturity at the corporate trust office of the Paying Agent.

6. Special Account. The County shall establish a Special Account for the Notes. The County covenants for the benefit of the owners of the Notes to deposit ad valorem property taxes and any other legally available revenues on or prior to December 30, 2006, or such other date as approved by the Authorized Representative, into the Special Account until the Special Account holds an amount sufficient to pay principal of and interest on the Notes at maturity. Investment earnings, after full funding of principal and interest in the Special Account on or prior to December 30, 2006, may be transferred to the County's general fund. Monies in the Special Account shall not be invested in instruments which mature after the maturity date of the Notes. Monies in the Special Account shall be used solely to pay principal of and interest on the Notes. Additional Notes cannot be issued which will have any claim upon the monies in the Special Account. The Special Account must be fully funded prior to establishing and financing any other special account which is fundable from the 2006-07 ad valorem property tax levy.

7. Security. The County's ad valorem property taxes, subject to the limits of Article XI, Sections 11 and 11b of the Oregon Constitution, and the full faith and credit of the County, including all unobligated revenues in the County's general fund, are hereby irrevocably pledged to the punctual payment of principal of and interest on the Notes.

8. Optional Redemption. The Notes are not subject to optional redemption prior to their stated maturity date of June 29, 2007.

9. Form of Notes. The Notes shall be issued substantially in the form as approved by the County and Note Counsel to the County.

10. Sale of Notes. The Notes shall be offered for sale at competitive bid, after publication of a Notice, or a summary thereof, as provided in ORS 288.885. The Notes shall be offered for sale upon the terms provided in the Notice, unless the Authorized Officer establishes different terms. The Authorized Officer may establish the final principal amount, the maturity date and other

terms of the Notes and may sell the Notes to the bidder offering the most favorable terms to the County. The Authorized Officer shall report to the Board the terms on which the Notes are sold.

11. Appointment of Note Counsel. The Board appoints the firm of Preston Gates & Ellis LLP of Portland, Oregon as Note Counsel.

12. Appointment of Financial Advisor. The Board appoints Regional Financial Advisors, Inc. as Financial Advisor to the County for the issuance of the Notes.

13. Covenant as to Arbitrage. The County covenants for the benefit of the owners of the Notes to comply with all provisions of the Internal Revenue Code of 1986, as amended (the "Code") which are required for the interest on the Notes to be excluded from gross income for federal income tax purposes, unless the County obtains an opinion of nationally recognized bond counsel that such compliance is not required for the interest payable on the Notes to be excluded. The County makes the following specific covenants with respect to the Code:

    i. The County shall not take any action or omit any action, if it would cause the Notes to become "arbitrage bonds" under Section 148 of the Code and shall pay any rebates to the United States which are required by Section 148(f) of the Code.

    ii. The County shall not use the proceeds of the Notes in a manner which would cause the Notes to be "private activity bonds" within the meaning of Section 141 of the Code.

    The covenants contained herein and any covenants in the closing documents for the Notes shall constitute contracts with the owners of the Notes, and shall be enforceable by such owners.

14. Notice of Material Events to Municipal Securities Rulemaking Board. Pursuant to SEC Rule 15c2-12(d)(3), the County agrees to provide or cause to be provided, in a timely manner, to the Municipal Securities Rulemaking Board (the "MSRB"), notice of the occurrence of any of the following events with respect to the Notes, if material:

    i. principal and interest payment delinquencies;

    ii. non-payment related defaults;

    iii. unscheduled draws on debt service reserves reflecting financial difficulties;

    iv. unscheduled draws on credit enhancements reflecting financial difficulties;

    v. substitution of credit or liquidity providers, or their failure to perform;

    vi. adverse tax opinions or events affecting the tax-exempt status of the Notes;

    vii. modifications to rights of holders of the Notes;

    viii. bond calls;

    ix. defeasances;

    x. release, substitution, or sale of property securing repayment of the Notes; and

    xi. rating changes.

The County may from time to time choose to provide notice of the occurrence of certain other events, in addition to those listed above, if, in the judgment of the County, such other event is material with respect to the Notes, but the County does not undertake any commitment to provide such notice of any event except those events listed above.

15. Preliminary and Final Official Statement. The County shall, if required, cause the preparation of the preliminary official statement for the Notes which shall be available for distribution to prospective investors. In addition, if required, an official statement shall be prepared and ready for delivery to the purchasers of the Notes no later than the seventh (7) business day after the sale of the Notes. When advised that the final official statement does not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements contained in the official statement not misleading in the light of the circumstances under which they are made, the Authorized Representative is authorized to certify the accuracy of the official statement on behalf of the County.

16. Resolution to Constitute Contract. In consideration of the purchase and acceptance of any or all of the Notes by those who shall own the same from time to time (the "Noteowners"), the provisions of this Resolution shall be part of the contract of the County with the Noteowners and shall be deemed to be and shall constitute a contract between the County and the Noteowners. The covenants, pledges, representations and warranties contained in this Resolution or in the closing documents executed in connection with the Notes, including without limitation the County's covenants and pledges contained in Section 7 hereof, and the other covenants and agreements herein set forth to be performed by or on behalf of the County shall be contracts for the equal benefit, protection and security of the Noteowners, all of which shall be of equal rank without preference, priority or distinction of any of such Notes over any other thereof, except as expressly provided in or pursuant to this Resolution.

17. Closing of the Sale and Delivery of the Notes. The Authorized Representative is authorized to execute and deliver such additional documents, including a Tax Certificate, and any and all other things or acts necessary for the sale and delivery of the Notes as herein authorized. Such acts of the Authorized Representative are for and on behalf of the County and are authorized by the Board of County Commissioners of the County.

ADOPTED this 18th day of May, 2006.

APPENDIX B

BOOK-ENTRY-ONLY SYSTEM

(THIS PAGE LEFT BLANK INTENTIONALLY)

DTC LANGUAGE DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

(Prepared by DTC--bracketed material may be applicable only to certain issues)

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue, and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds $400 million, one certificate will be issued with respect to each $400 million of principal amount and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants ("Direct Participants") deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Rules applicable to DTC and its Direct and Indirect Participants are on file with the Securities and Exchange Commission.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the

Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. [Beneficial Owners of Securities may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the security documents. Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners, or in the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.]

[6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.]

7. Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Securities. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from Issuer or Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividends to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

[9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct

Participants on DTC's records and followed by a book-entry credit of tendered Securities to [Tender/Remarketing] Agent's DTC account.]

10. DTC may discontinue providing its services as securities depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Security certificates are required to be printed and delivered.

11. Issuer may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but Issuer takes no responsibility for the accuracy thereof.

FORM OF NOTE COUNSEL LEGAL OPINION

(THIS PAGE LEFT BLANK INTENTIONALLY)

(FORM OF NOTE COUNSEL OPINION)

July 5, 2006

Multnomah County
501 SE Hawthorne Boulevard
Suite 531
Portland, Oregon 97214

Re: ***Multnomah County, Oregon***
$20,000,000 Tax and Revenue Anticipation Notes, Series 2006

Ladies and Gentlemen:

We have acted as note counsel in connection with the authorization, issuance, sale and delivery by Multnomah County, Oregon (the "County") of its Tax and Revenue Anticipation Notes, Series 2006, in the aggregate principal amount of Twenty Million Dollars ($20,000,000) (the "Notes"), which are dated July 5, 2006. The Notes are issued pursuant to Resolution No. 06-075 adopted by the Board of County Commissioners of the County on May 18, 2006 (the "Note Resolution"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Note Resolution.

We have examined the law, a duly certified transcript of proceedings of the County, prepared in part by us, relating to the issuance and sale of the Notes, and other documents which we deem necessary to render this opinion.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of the official statement or other offering material relating to the Notes, and we express no opinion relating thereto.

On questions of fact material to our opinion, we have relied on the representations of the County contained in the Note Resolution and in the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation. We have also relied on the covenants of the County to comply with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code") with respect to the investment and use of proceeds of the Notes.

On the basis of the foregoing examination, and in reliance thereon, and on the basis of our examination of other such matters of fact and questions of law as we deem relevant under the circumstances, and subject to the limitations expressed herein, we are of the opinion, under existing law, as follows:

A. The Notes have been legally authorized and issued under and pursuant to the constitution and Statutes of the State of Oregon, and are valid and legally binding obligations of the County, enforceable against the County in accordance with and subject to their terms except as such enforceability may be limited by: (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium and other similar laws affecting creditors' rights and remedies generally (whether now or hereafter in existence); (ii) the application of equitable principles and the exercise of judicial discretion in appropriate cases; (iii) common law and statutes affecting the enforceability of contractual obligations generally; and (iv) principles of public policy concerning, affecting or limiting the enforcement of rights or remedies against governmental entities such as the County.

B. The County has pledged its ad valorem property taxes, subject to the limits of Article XI, Sections 11 and 11b of the Oregon Constitution, and the full faith and credit of the County, including all unobligated revenues in the County's general fund, to the punctual payment of principal of and interest on the Notes.

C. The interest on the Notes is excluded from gross income for federal income tax purposes under existing law.

D. The interest on the Notes is not an item of tax preference under the Code for purposes of determining the alternative minimum tax imposed on individuals or corporations. Interest on a Note held by a corporation (other than an S Corporation, regulated investment company, real estate investment trust or real estate mortgage investment conduit) may be indirectly subject to alternative minimum tax because of its inclusion in the earnings and profits of the corporate holder. The interest on the Notes held by a foreign corporation may be subject to the branch profits tax imposed by the Code.

E. The interest on the Notes is exempt from Oregon personal income tax under existing law.

The County has **not** designated the Notes as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3) of the Code.

Ownership of the Notes may result in collateral federal income tax consequences to certain taxpayers, including financial institutions, property and casualty insurance companies, S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry the Notes. We express no opinion as to such collateral federal income tax consequences.

Under the Code, the County is required to comply with certain requirements relating to the investment and use of the proceeds of the Notes, and the County has covenanted to comply with these requirements. Failure to comply with these requirements may cause the interest on the Notes to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Notes. Our opinion assumes compliance with such covenants, and we do not undertake to determine, or to inform any person, whether any actions taken or not taken, or events occurring or not occurring, after the date of issuance of the Notes may affect the tax status of interest on the Notes.

We express no opinion regarding any other federal, state or local tax consequences arising with respect to ownership of the Notes.

These opinions are based on existing law and we assume no obligation to update or supplement these opinions to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur or become effective.

Our opinion is limited to matters of Oregon law and applicable federal law, and we assume no responsibility for the applicability of laws of other jurisdictions.

This opinion is provided to you as a legal opinion only, and not as a guaranty or warranty of the matters discussed herein. No opinions may be inferred or implied beyond the matters expressly stated herein. No qualification, limitation or exception contained herein shall be construed in any way to limit the scope of the other qualifications, limitations and exceptions. For purposes of this opinion, the terms “law” and “laws” do not include unpublished judicial decisions, and we disclaim the effect of any such decision on the opinions expressed. This opinion speaks as of its date only, and we disclaim any undertaking or obligation to advise you of any changes that hereafter may be brought to our attention or any change in law that may hereafter occur.

The opinions expressed herein are solely for your benefit in connection with the above referenced Note financing and may not be relied on in any manner or for any purpose by any person or entity other than the addressees listed above and the owners of the Notes, nor may copies be furnished to any other person or entity, without the prior written consent to Preston Gates & Ellis LLP.

Respectfully submitted,

PRESTON GATES & ELLIS LLP

APPENDIX D

FORM OF CONTINUING DISCLOSURE CERTIFICATE

(THIS PAGE LEFT BLANK INTENTIONALLY)

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Certificate"), dated July 5, 2006, is executed and delivered by Multnomah County, Oregon (the "Issuer") in connection with issuance of the Issuer's $20,000,000 Tax and Revenue Anticipation Notes, Series 2006 (the "Notes"). The Notes are being issued pursuant to an authorizing Resolution No. 06-075 adopted by the governing body of the Issuer on May 18, 2006 (the "Resolution"). Capitalized terms used but not otherwise defined herein shall have the meanings assigned thereto in the Resolution. The Issuer covenants as follows.

Section 1. Purpose of Certificate. This Certificate is being executed and delivered by the Issuer for the benefit of registered and beneficial owners of the Notes and to assist the Underwriter(s) in complying with SEC Rule 15c2-12 (17 CFR, § 240.15c2-12) (the "Rule"). Execution and delivery of this Certificate will qualify the Notes for a limited exemption from the Rule pursuant to paragraph (d)(3) of the Rule regarding municipal securities with a stated maturity of eighteen (18) months or less. In lieu of the Issuer's limited undertaking pursuant to this Certificate, the Issuer may undertake to provide annual financial information and notice of material events as described in paragraph (b)(5) of the Rule. Such undertaking, if any, shall be made by way of an amendment to this Certificate in accordance with Section 6 hereof.

Section 2. Material Events. The Issuer agrees to provide or cause to be provided, in a timely manner, (i) to each nationally recognized municipal securities information repository for purposes of the Rule (the "NRMSIRs") or to the Municipal Securities Rulemaking Board (the "MSRB"), and (ii) to the state information depository, if any, located in the State of Oregon (the "SID"), notice of the occurrence of any of the following events with respect to the Notes, if material:

(a) principal and interest payment delinquencies;

(b) non-payment related defaults;

(c) unscheduled draws on debt service reserves reflecting financial difficulties;

(d) unscheduled draws on credit enhancements reflecting financial difficulties;

(e) substitution of credit or liquidity providers, or their failure to perform;

(f) adverse tax opinions or events affecting the tax-exempt status of the Notes;

(g) modifications to rights of holders of the Notes;

(h) Bond calls;

(i) defeasances;

(j) release, substitution, or sale of property securing repayment of the Notes; and

(k) rating changes.

The Issuer may from time to time choose to provide notice of the occurrence of certain other events, in addition to those listed above, if, in the judgment of the Issuer, such other event is material with respect to the Notes, but the Issuer does not undertake any commitment to provide such notice of any event except those events listed above.

Section 3. Dissemination Agent. The Issuer may, from time to time, engage or appoint an agent to assist in disseminating information hereunder (the "Dissemination Agent"). The Issuer may discharge any Dissemination Agent with or without appointing a successor Dissemination Agent.

Section 4. Termination of Obligation. Pursuant to paragraph (b)(5)(iii) of the Rule, the Issuer's Notes hereunder shall terminate if and when the Issuer no longer remains an obligated person with respect to the Notes, which shall occur upon maturity of the Notes. In addition, and notwithstanding the provisions of Section 6 below, the Issuer may rescind its obligations under this Certificate, in whole or in part, if (i) the Issuer obtains an opinion of nationally recognized bond counsel that those portions of the Rule that required the execution and delivery of this Certificate are invalid, have been repealed, or otherwise do not apply to the Notes, and (ii) the Issuer notifies and provides to each NRMSIR or the MSRB and to the SID, if any, a copy of such legal opinion.

Section 5. Enforceability and Remedies. The Issuer agrees that this Certificate is intended to be for the benefit of registered and beneficial holders of the Notes and shall be enforceable by or on behalf of any such holders; provided that, the right of any holder of the Note to challenge the adequacy of the information furnished hereunder shall be limited to an action by or on behalf of holder of the Notes representing at least twenty-five percent (25%) of the aggregate outstanding principal amount of Notes. Any failure by the Issuer to comply with the provisions of this undertaking shall not be an Event of Default under the note documents. This Certificate confers no rights on any person or entity other than the Issuer, holders of the Notes, and any Dissemination Agent.

Section 6. Amendment. Notwithstanding any other provision of this Certificate, the Issuer may amend this Certificate without the consent of holders of the Notes under the following conditions:

(i) The amendment may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the obligated person or type of business conducted;

(ii) This Certificate, as amended, would have complied with the requirements of the Rule at the time of the primary offering, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(iii) The amendment does not materially impair the interest of holders of the Notes, as determined either by parties unaffiliated with the Issuer (such as nationally recognized bond counsel), or by approving vote of holders of the Notes pursuant to the terms of the note documents at the time of the amendment.

Section 7. Disclosure USA. Any filing required to be made with any NRMSIR or SID under this Certificate may be made by transmitting such filing solely to the Texas Municipal Advisory Council (the "MAC") as provided at http://www.disclosureusa.org unless the United States Securities and Exchange Commission has withdrawn the interpretive advice in its letter to the MAC dated September 7, 2004.

Section 8. Choice of Law. This Certificate shall be governed by and construed in accordance with the laws of the State of Oregon, provided that to the extent this Certificate addresses matters of federal securities laws, including the Rule, this Certificate shall be construed in accordance with such federal securities laws and official interpretations thereof.
