APPLICATION FOR FLOATING STRUCTURE PLACEMENT WITHIN A MOORAGE / MARINA

PLEASE PRINT:

Floating Structure Owner(s) _____

Phone _____ Email: _____

Moorage Name _____

Moorage Address _____

Moorage Owner(s) Name _____ Phone _____

Height of Floating Structure _____ feet (from water level)

Type of Structure (boathouse, combo, etc.) _____

Number of dwelling units in floating structure _____

Please indicate the type of sewage disposal method proposed for the dwelling (if applicable)

Are there going to be any home occupations occurring within the dwelling? Yes No

(Circle One)

INSTRUCTIONS:

NOTE: This application must be filled out **completely** and all of the materials described below must be attached. All signatures required on the back of this form must be provided when the application is submitted. Multnomah County will not review any applications that are incomplete.

1. Attach a copy of a site plan of the moorage or marina where the new or relocated floating structure will be moored. The plan should show the location of the riverbank and illustrate all floating walkways, gangway-ramp(s), boat slips or berths, and the location and type of structure proposed to be moved or built. Highlight the slip that will be filled.
2. A photograph of the existing structure proposed to be relocated or architectural drawings or plans of the new or expanded floating structure. Indicate overall dimensions of the floating structure (length, width and height), describe the exterior materials, lighting, and colors, and indicate the type of floating used.
3. Fee for Floating Structure Placement Permit (see current Land Use Planning fees).

– OVER –

IMPORTANT NOTE:

The Fire District serving the moorage may require additional permits or approvals. Structures that are moved into moorages within the Scappoose Fire District Boundary (Highway 30 side of the Multnomah Channel between Happy Rock and River's Bend) will need to be approved by the Scappoose Fire District. Please take this form to the district along with the required information attached and have them review the application. Multnomah County will not issue applicable permits until all required approvals have been obtained.
