MULTCOTAX.INFO currently features two data sets:

MultcoRecords: Multnomah County recorded documents since February, 2002
Searchable by name, date, document type, etc.

MultcoProptax: Multnomah County property Assessment and Tax information
Searchable by owner, address, map, etc.

Subscribing to MULTCOTAX.INFO requires a one-time account setup fee of \$150 and a small usage fee of \$.24 cents per search.

The data displayed on MULTCOTAX.INFO represents portions of our live database and is delivered to you through an intermediary computer. The site was developed toward the needs of title companies and government jurisdictions and does not include the entire Assessment and Taxation database. Our data may also be made available to you in other formats (i.e. CD, printed reports) for a fee.

Subscribers are assigned individual user accounts and confidential passwords. Passwords will be assigned to each user of the web site; no "generic" passwords will be issued, and passwords are not to be shared or divulged. Usage is tracked by individual user for billing and security purposes. You will be billed for all searches performed by the names on your user list, regardless of when, where or why those searches were done.
