| EFFECTIVE DATE: 7-1-1998 | POLICY NUMBER: 070198 | SECTION: 1 | REPLACES: None | PAGE: 1 OF 1 |
| MEDICAL DIRECTOR: JON JUI MD, MPH | | TITLE: GANG RELATED ACTIVITIES | | |

If the MCEMS emergency medical technicians who respond to a gang related incident can identify members of rival gangs who are to be treated and transported, they should seek to provide the following:

1. Nothing in this standard operating procedure should compromise the care given to these patients.
2. Transport of those patients in enough ambulances so that rival gang members are not placed in the same transporting ambulance.
3. Hospital destinations (even if trauma entry patients) so that rival gang members will not be received at the same hospital.
4. Notification to Trauma Communications Center/Medical Resource Hospital that this is a gang situation so that the patient destinations may be adjusted through the trauma system.
