The City and the County consolidated resources and services under the JOHS to fund community initiatives to prevent and ultimately end homelessness for tens of thousands of individuals and families each year. The JOHS manages resources from Multnomah County, the City of Portland, Metro, and HUD to fund community initiatives and programs to address and end homelessness in the region.

Program Summary

Homelessness is an ongoing crisis in the City of Portland and Multnomah County. In the last several years, the community has come together and responded in unprecedented ways. The JOHS represents a shared commitment between the City of Portland and Multnomah County to expand, improve, and simplify access to the range of services needed to address homelessness in the community. The JOHS administers contracts for homeless services, plans and manages systems of care, oversees system reporting and evaluation, conducts homeless street counts and one night shelter counts, and writes proposals to and monitors funds issued by the U.S. Department of Housing and Urban Development. These operations affect the lives of tens of thousands of homeless singles, youth, families, and survivors of domestic violence in the community. Through the JOHS, funds are contracted to more than 40 nonprofit and public agencies to provide a comprehensive range of services to assist people experiencing homelessness or housing instability. The JOHS receives funding and policy direction from the City of Portland and Multnomah County as well as the City of Gresham and Home Forward. The JOHS, by integrating staffing and funding, offers the City and County enhanced operational coordination and effectiveness in the delivery of services.

The JOHS is committed to and has taken numerous steps to realize the department's goals of achieving racial equity in homeless services and eliminating disparate rates of homelessness on the basis of race and ethnicity. To that end, the JOHS has: (1) improved data collection and outcome reporting using inclusive racial identities; (2) created standards of practice for all contractors that include cultural responsiveness and/or culturally specific service provision; (3) included a requirement for organizational equity assessments, plans, and progress reporting in all contracts; (4) prioritized and increased funding to culturally specific organizations through local procurement processes and prioritization of culturally specific programs in competitive Federal applications; and (5) prioritized staff support to community advisory efforts, including most recently around planning for chronic homelessness and permanent supportive housing.
