Executive Summary

The Metro Supportive Housing Services Measure (Measure) provides that each county in the region will work with service providers and community partners to develop and implement programs that respond to the unique needs in their communities and to achieve goals and metrics for the region. To support regional coordination, the Measure, and the intergovernmental agreement that governs Measure funding, requires that each county contribute not less than 5% of its share of program funds each fiscal year to a Regional Strategies Implementation Fund (RSIF) to achieve regional investment strategies. This program offer supports regional investments of these funds.

Program Summary

To support regional coordination, the Measure, and the intergovernmental agreement (IGA) that governs Measure funding, requires that each county contribute not less than 5% of its share of program funds each fiscal year to a RSIF to achieve regional investment strategies. The Measure's Tri-County Planning Body (TCPB) is tasked with strengthening coordination among the counties and Metro in addressing homelessness in the region through the identification of regional goals, strategies, and outcome metrics that support regional Supportive Housing Services coordination and alignment, which it will outline in the Tri-County Plan. Pending the development of the Tri-County Plan, the JOHS is making regionally-focused RSIF investments in the following programs, as directed/allowed under the terms of the IGA:

- One-time costs associated with the implementation of the regional Homeless Management Information System, which is described in more detail in program offer 30003C - Data, Research, & Evaluation - Homeless Management Information System, along with funds for regional data coordination efforts.
- One-time funds needed to establish a regional Risk Mitigation Pool (RMP) program. The RMP program supports housing providers in the region who agree to provide permanent supportive housing (PSH) by offsetting increased financial risks associated with operating PSH units beyond those typical of affordable housing.
- One-time organizational capacity building funds to support new organizations, including many smaller, culturally specific organizations, to become established as contracted service providers that are qualified to work in all three counties. This investment will, in part, support the establishment of new providers qualified through the FY 2022 tri-county supportive housing services Request for Programmatic Qualifications conducted by Washington County in partnership with Multnomah County and Clackamas County.
- A balance of RSIF funds that will be programmed following the development of the Tri-County Plan are also budgeted in this program offer.

Performance Measures

Measure Type	Primary Measure	FY21 Actual	FY22 Budgeted	FY22 Estimate	FY23 Offer
Output	Work w/Tri-County Planning Body to identify investment priorities for Regional Strategies Implementation Fund	N/A	N/A	N/A	1
Outcome	Initiate implementation of regional investment priorities	N/A	N/A	N/A	1
