Executive Summary

Using Metro Supportive Housing Services Measure (the Measure) funding that is dedicated to reducing homelessness through strategies that lead with racial equity, this program offer funds capacity to expand the homeless system of care's network of culturally-specific providers and to build culturally specific and culturally responsive services capacity across the Joint Office of Homeless Services (JOHS) network of service providers.

Program Summary

The Multnomah County Local Implementation Plan (LIP) for the Measure sets out a range of strategies to reduce homelessness by increasing permanent housing and wrap around services for those experiencing, or at risk of, chronic homelessness and episodic homelessness, with a focus on disproportionately impacted Communities of Color. The LIP specifically prioritizes expanding the network of culturally specific providers and expanding culturally specific services.

This program offer uses Measure funding to support an increase in the number of culturally specific providers, and the range of culturally specific supportive housing service offered in the homeless response system, by expanding the equity-focused planning and capacity building staff in the JOHS. This staff will: (1) continue to develop and administer training opportunities and technical assistance that builds racial equity competencies; (2) organize and lead community-engaged planning efforts to expand the network of culturally specific organizations providing supportive housing services, including identifying capacity-building and organizational development needs of those organizations; (3) liaise between the JOHS and the network of culturally specific providers regarding matters related to services planning, policy development, organizational capacity building and trainings.

This program offer also funds ongoing capacity building allocations to partner agencies to support the recruitment and retention of staff in an amount equal to 5% of agency operating budgets as of FY 2022. This funding prioritizes support for entry-level positions and to ensuring that staff reflect the diversity of the community they serve.
