**Program Characteristics:** One-Time-Only Request

**Executive Summary**

In March of 2020, following public health guidance, the Joint Office of Homeless Services (JOHS) took immediate steps to limit the spread of COVID-19 within the homeless population and otherwise mitigate impacts of the pandemic on those experiencing homelessness or at risk of experiencing homelessness. These activities, which will continue in FY 2022, include operating physical distancing and medical isolation shelters, safety on the streets outreach, and support for contracted service providers. This program offer funds safety on the street outreach to assist those who are unsheltered to physically distance and reduce transmission of COVID-19.

**Program Summary**

As part of its response to the COVID-19 pandemic, the JOHS took immediate steps to establish a Coordinated Outreach Team to ensure that unsheltered members of the community had access to knowledge about the spread of COVID-19 and ways to keep themselves safe with access to personal protective equipment and supplies for sanitation, hygiene, and basic needs. The team conducted an eight day outreach effort in early March of 2020 that distributed 5,000 information cards on COVID-19 in English and Spanish and provided supplies necessary for staying in place. Since the beginning of the pandemic, the outreach team has provided daily, ongoing support to those living on the streets, making sure that basic needs are met and that they have the resources they need to stay safe and healthy. This program offer funds the continuation of street outreach through December 31, 2021.

This program offer will ensure the continued staffing of an outreach supply center, the stocking of that supply center with personal protective equipment, sanitizing supplies, basic safety supplies (blankets, tarps, sleeping bags, socks, etc.), and water and food items. The program offer will support both contracted organizations, including those doing focused culturally specific and behavioral health focused outreach, and community partner organizations that conduct outreach to the unsheltered population and lack the resources to offer critical health, safety and nutrition resources.
