

**Program #30202C - Safety off the Streets - Alternative Shelter for Adults - Staffing Capacity -Metro Measure Expansion** 5/2/2022

**Department:** Joint Office of Homeless Services      **Program Contact:** Shannon Singleton  
**Program Offer Type:** Existing Operating Program      **Program Offer Stage:** As Proposed  
**Related Programs:**  
**Program Characteristics:** One-Time-Only Request

**Executive Summary**

As part of its broader shelter expansion strategy, the Joint Office of Homeless Services (JOHS) is continuing to expand non-congregate alternative shelter options for people experiencing unsheltered homelessness. This program offer continues the FY 2022 American Rescue Plan (ARP) investment of 2.00 FTE positions to lead and implement this expansion.

**Program Summary**

The COVID-19 pandemic has further highlighted the challenges faced by those who live unsheltered in the community. They struggle to meet their most basic hygiene and sanitation needs, as well as to have the level of stability needed to pursue the services they need to end their homelessness. Over the past five years, the JOHS has led an unprecedented expansion of emergency shelter capacity and shelter types to help meet the needs of those who are unsheltered. With the onset of the pandemic, it further expanded the number and range of shelter options. As the crisis has continued, those who remain unsheltered have continued to request additional sheltering options, and the JOHS has seen an unprecedented interest among a range of community organizations to help meet the demand for alternative shelter.

This program offer provides ongoing funding to continue 2.00 FTE in the JOHS that were funded one-time in FY 2022 with ARP funds. This will allow the JOHS to continue expanding its work with community based organizations seeking to offer alternative shelter options. Each alternative shelter project will require planning, site and program development, contracting, and ongoing contract management. The community based organizations offering to operate alternative shelters are often newer and less experienced with service provision and public contracting, meaning they need additional technical assistance and ongoing support to be successful. This staffing capacity will allow the JOHS to continue providing this enhanced level of support to the shelter operators.
