Program Description

This program offer supports four (4) shelters serving survivors of domestic or sexual violence (DSV). The shelters use two models: facility-based emergency shelters and primary-leased units. Three facility-based shelters offer 24-hour security and staff support seven days a week. The fourth shelter utilizes scattered site primary-leased apartments. In primary-leased apartments, the organization is the official tenant. These scattered-site units allow multi-generational and larger families impacted by DSV to access services. All four shelters offer a 90-day length of stay, with the possibility of extension. These services are vital for protecting the health and safety of survivors. This program offer includes funding for an additional 45 units (beds) of shelter as part of the Community Shelter Strategy, originally funded in FY 2025 and continued into this fiscal year as the shelter is anticipated to open in late FY 2025 or early FY 2026.

To ensure that survivors in greater danger are prioritized for shelter beds, all shelters use a coordinated triage system and a locally-developed screening tool to articulate survivors' needs and match them with available shelter space. These services include intensive DSV advocacy and support, safety planning, provision of basic needs, co-advocacy within the DSV service provider network, and referrals to community-based services and housing programs.

Additionally, the program offer funds emergency motel vouchers to assist survivors in staying safe when shelter beds are full. These vouchers may also act as a bridge to housing for homeless survivors in the process of obtaining permanent housing. Furthermore, they provide respite for survivors and their dependents who cannot safely stay in shelters.

Achieving racial equity is a core goal. All shelters, regardless of size and configuration, must provide trauma-informed, racially equitable, and culturally responsive or specific programming. The department prioritizes equitable access to confidential emergency shelter services for vulnerable populations with a focus on eliminating disparate rates of homelessness, on the basis of race and ethnicity.

| Measure Type | Performance Measure | FY24 Actual | FY25 Budgeted | FY25 Estimate | FY26 Target |
|-----------------|---|----------------|------------------|------------------|----------------|
| Output | Number of emergency shelter units | 140 | 185 | 185 | 185 |
| Output | Number of unduplicated participants served | 274 | 250 | 275 | 400 |
| Output | Participant BIPOC groups (out of 5) proportionately >= to those among homeless population | 2 | Yes* | 1 | 5 |
| Output | Percentage of exits to permanent housing | 65% | N/A** | 65% | 65% |

*Measure methodology changed from "BIPOC served in emergency shelter at rate as high or higher than percent of HUD homeless population (Yes/No)" to disaggregate racial/ethnic groups, select a comparison group tailored to the equity metric, and reflect all program participants and whether services are being accessed equitably. **This is a new measure in FY 2026
