Executive Summary

This program offer uses Metro Supportive Housing Services Measure (Measure) funding that is dedicated to reducing homelessness through strategies that lead with racial equity, to provide capital for the Joint Office of Homeless Services (JOHS) to move forward in developing high quality, year-round alternative shelter capacity for multiple populations, equitably distributed across the County. This program offer also allocates capital funding for four alternative shelter sites currently in development or that will be in FY 2023.

Program Summary

The Multnomah County Local Implementation Plan (LIP) for the Measure sets out a range of strategies to reduce homelessness by increasing permanent housing and wrap around services for those experiencing, or at risk of, chronic homelessness and episodic homelessness. In alignment with priorities outlined in the LIP, this program offer provides capital funding for shelter, including alternative shelter, to further the community's commitment to ending homelessness.

Emergency shelters, including alternative shelters, offer safety off the streets for people experiencing homelessness and are intentionally developed to maximize the number of people who successfully transition through them to permanent housing. This program offer provides the critical capital resources to continue the acquisition and development of year-round alternative shelter sites that meet this commitment.

The funds will support necessary improvements to new and existing emergency shelters, as well as the continued due diligence associated with the identification of new shelter sites. These investments will be aligned with the efforts to transform the publicly funded emergency shelter system into one that offers a high standard of care and critical housing transition services within an increasingly diversified range of shelter settings.
