**Executive Summary**

The Joint Office of Homeless Services (JOHS) continues to prioritize “safety on the streets” investments in this program offer, including survival outreach, and basic health and sanitation services for people who are living unsheltered in encampments and places not meant for human habitation.

**Program Description**

Individuals with lived experience of unsheltered homelessness have called out the importance of distinguishing “safety off the streets” shelter strategies from those activities that help people who remain unsheltered stay as safe as possible. These strategies include survival-focused street outreach, such as the distribution of essential gear, food, water and primary healthcare services. This also includes investments in day centers, hygiene services, and clean-up and basic sanitation assistance for people living in encampments. This program offer specifically supports: (1) critical mobile primary care/medical triage services provided to unsheltered and sheltered individuals using a team of volunteer physicians and medical professionals; (2) survival and resource navigation-focused outreach in East County and on the Springwater Corridor; and (3) a program that employs people with lived experience of homelessness to assist with ongoing trash pick-up and sanitation support for people living unsheltered in encampments

This program offer, when considered in conjunction with the following other program offers, represents a significant outreach and services focused on assisting people who remain unsheltered to meet their basic needs and navigate to shelter and housing: 30210B - Safety on the Streets - Navigation & Service Coordination Expansion; 30100 - System Access, Assessment, & Navigation.
