**Executive Summary**

The Joint Office of Homeless Services (JOHS) prioritizes the provision of outreach and services to people living unsheltered in encampments and other places not meant for human habitation. These investments maintain navigation outreach services and the coordination of access to shelter and other key resources. They also include funding for participation in the Street Services Coordination Center (SSCC), which aligns the work of various public space management agencies that interact with unsheltered individuals with the work of the homeless response system.

**Program Description**

Multnomah County has a large and growing number of people experiencing unsheltered homelessness who are living in encampments on public property. These individuals have lacked sufficient routine engagement with outreach workers to establish trust and become engaged in services they need to transition out of homelessness and back into permanent housing.

It also maintains funding for up to 10 navigation outreach workers and an outreach coordinator to provide service navigation and de-escalation services to people in areas prioritized by the SSCC. It funds the capacity to coordinate outreach teams, including existing teams that already provide treatment, navigation, housing and survival supplies, work better with volunteer teams. The outreach coordinator will work in partnership with the Street Services Coordination Center, including a path to set-aside shelter beds, to help the Joint Office of Homeless Services and outreach workers better support people in camps who are engaging with the city's public space management agencies. This Center brings together leadership from multiple City land-owning bureaus, first responders, and representatives from other jurisdictions with public lands in the County, to better align their resources and responses to camping, and to improve access to services for those living in encampments who are impacted by these agencies' public space management activities.

This program offer, when considered in conjunction with the following other program offers, represents a significant outreach and services focused on assisting people who remain unsheltered to meet their basic needs and navigate to shelter and housing: Safety on the Streets - Navigation & Service Coordination (30210A) and System Access, Assessment, & Navigation (30100).
