**Executive Summary**

This offer provides expanded funding for homeless services focused on the City of Gresham. Specifically, this offer funds expanded staffing and rent assistance dollars to increase outreach, case management, and housing placement on the City of Gresham’s Homeless Services Team.

**Program Description**

Emergency shelters, including alternative shelters, offer safety off the streets for people experiencing homelessness and are intentionally developed to maximize the number of people who successfully transition through them to permanent housing. This program offer provides the critical capital resources to continue the acquisition and development of year-round alternative shelter sites that meet this commitment.

The funds will support necessary improvements to new and existing emergency shelters, as well as the continued due diligence associated with the identification of new shelter sites. In FY 2024, Multnomah County and the City of Portland launched the Homelessness Response Action Plan (HRAP), a strategic reset of homeless services. As part of this plan, the JOHS developed a Community Sheltering Strategy in partnership with service providers and partners from the City of Portland and the City of Gresham. This Community Sheltering Strategy proposes adding and replacing emergency shelter units to the existing shelter system by the end of 2025. This offer provides capital funding to support Phase 1 of this strategy, including maintenance of existing shelters and siting and development of new shelter sites.

As part of the HRAP and Community Sheltering Strategy, these investments will be aligned with the efforts to transform the publicly funded emergency shelter system into one that offers a high standard of care and critical housing transition services within an increasingly diversified range of shelter settings.
