Program Description

This program offer funds agency leasing programs that increase access to private market units for households with significant barriers to housing. Agency leasing is a supportive housing strategy in which service providers lease housing units in the private rental market and then sublease those units to program participants. Agency leasing is efficient and effective because it quickly increases access to housing through the private rental market, minimizes barriers that typically prevent people from accessing those units, and helps people access housing units in their communities. This program offer funds scattered site and project-based agency leasing models, as well as shared housing models focused on serving youth and individuals seeking a recovery community.

The Multnomah County Supportive Housing Services (SHS) Local Implementation Plan (LIP) sets out a range of strategies to reduce homelessness by increasing permanent housing and wrap around services for those experiencing, or at risk of, chronic homelessness and episodic homelessness. In alignment with priorities outlined in the LIP, this program offer funds a range of agency leasing models that partner with landlords and property managers to increase access to private market units for individuals experiencing homelessness who face significant barriers to housing, and provide those individuals with the necessary rental assistance and support services to retain their housing.
