

Division: Supportive Housing

Program Characteristics:

Program Description

This program offer funds tenant-based and site-based supportive housing for individuals with significant disabilities experiencing long-term or cyclical homelessness. It also funds transitional supportive housing for those in early recovery from a substance use disorder who are at high risk of chronic homelessness.

The site-based supportive housing included in this offer has been funded in partnership with the Portland Housing Bureau (PHB) and Home Forward. PHB has helped fund the development of affordable housing that operates as supportive housing and Home Forward provides ongoing, federally funded rent assistance.

This offer also supports the 'Move On' program, enabling individuals to transition into more independent housing while keeping their rental assistance. This creates vital capacity within intensive supportive housing programs for individuals requiring higher levels of care.
