### Executive Summary

Using Metro Supportive Housing Services Measure (Measure) funding that is dedicated to reducing homelessness through strategies that lead with racial equity, this program offer funds a critical expansion of short term shelter, transitional housing and permanent housing capacity for people experiencing or at imminent risk of chronic homelessness, in particular individuals living with serious and persistent mental illness. The offer leverages and builds on existing intensive behavioral health programs in the Health Department's Behavioral Health Division that serve this vulnerable population, as well as funding new programming in the Behavioral Health Resource Center (BHRC).

### Program Summary

The Multnomah County Local Implementation Plan (LIP) for the Measure sets out a range of strategies to reduce homelessness by increasing permanent housing and wrap around services for those experiencing, or at risk of, chronic homelessness and episodic homelessness. The LIP strategies prioritize the Measure commitment to eliminating racial disparities among people experiencing chronic and episodic homelessness. The LIP also makes a specific commitment to immediately expanding behavioral health services at all levels of the continuum, from shelter, to transitional housing and permanent supportive housing. This program offer reflects that commitment and funds:

- Critical motel-based emergency shelter capacity and crisis case management for individuals in the Health Department's Choice program. This will provide immediate safety off the streets for people living with severe behavioral health needs, while they transition to longer-term housing options.
- The very successful Stabilization Treatment Preparation (STP) transitional housing program, a partnership between the Health Department and the Department of Community Justice that serves people who are justice involved and living with significant behavioral health conditions. The expansion funded here provides culturally specific STP programming focused on the African American community.
- The culturally specific homeless focused staff capacity on the Promoting Access to Hope (PATH) team to assist with addiction treatment services access for people with substance use disorders who are experiencing chronic and episodic homelessness.
- New operational funding for the shelter and bridge housing operations at the Behavioral Health Resource Center.
- An expansion of additional investments in long-term rental assistance and housing placement services for people served by any of Multnomah County's Assertive Community Treatment (ACT) and Intensive Case Management (ICM) teams. ACT and ICM teams provide an intensive level of community-based, ongoing support services to people with severe and persistent mental illness.
- New funding for motel-based transitional/early recovery housing that takes referrals from culturally specific substance use and recovery programs.

### Performance Measures

Measure Type	Primary Measure	FY21 Actual	FY22 Budgeted	FY22 Estimate	FY23 Offer
Output	Number of individuals placed into or retained in permanent housing*	36	136	70	155
Outcome	Number of Choice participants served in motel-based emergency shelter	N/A	N/A	60	70
Outcome	Percentage of people not returning to homeless services within a year of exiting a program to housing*	N/A	80%	80%	80%
Outcome	BIPOC placed or retained rate as high or higher than percent of HUD homeless population*	N/A	Yes	Yes	Yes

### Performance Measures Descriptions

\*The basis for "Placed & Retained" has been changed from Entry Date to Housing Move-in date, consistent with an FY 2022 change to the measure in systemwide reporting, and "Enrolled," which is based on Entry Date, has been added for more robust reporting and to preserve continuity with reporting in previous years.

Significant Program Changes

**Last Year this program was:** FY 2022: 30401B Supportive Housing - Behavioral Health/Medical Housing - Metro Measure

In FY 2022, this program offer was 30401B - Supportive Housing - Behavioral Health/Medical Housing - Metro Measure Expansion. This program offer now includes an investment in Health Department staffing that was previously budgeted in 30400D - Supportive Housing Metro Measure Expansion - Countywide Coordination. This change was made to allow for greater visibility into the investments being made in Health Department programming.

As part of the FY 2022 Adopted budget, the Joint Office of Homeless Services budgeted a 1.00 FTE Program Specialist Sr. position for the Health Department. During FY 2022, that position was moved to the Health Department for the purposes of hiring and management. In FY 2023, relevant positions are in their respective departments, while funding for the positions remains in the Joint Office.
