Executive Summary

With Metro Supportive Housing Services Measure (Measure) funding that is dedicated to reducing homelessness through strategies that lead with racial equity, this program offer funds emergency rent assistance and services for households who are newly homeless or at-risk of becoming homeless due to the impacts of COVID-19. The offer prioritizes Black, Indigenous and People of Color (BIPOC) who are already overrepresented within the population of people experiencing homelessness and are disparately impacted by the health and economic impacts of COVID-19. This program offer funds staffing at community based organizations to distribute rent assistance funded by pandemic-related allocations from the Federal government and the State of Oregon.

Program Summary

The Multnomah County Local Implementation Plan (LIP) for the Measure sets out a range of strategies to reduce homelessness by increasing permanent housing and wrap around services for those experiencing, or at risk of, chronic homelessness and episodic homelessness. The LIP strategies prioritize the JOHS and Measure commitment to eliminating racial disparities among people experiencing chronic and episodic homelessness. The LIP also recognizes the critical need in the immediate term to focus limited duration resources on heading off a potential wave of newly homeless people as a result of the economic impacts of COVID-19, especially within BIPOC communities. This program offer addresses that need.

This program offer funds staffing at community based organizations to distribute rent assistance funded by pandemic-related allocations from the Federal government and the State of Oregon. These funding streams are typically larger, but too restrictive to allow community based organizations, including culturally specific providers, to create the capacity that they need to allocate the funds. The resources in this offer allow the Joint Office of Homeless Services and the Department of County Human Services to address these gaps and maximize the amount of outside rental assistance that the County is able to distribute through community based organizations serving BIPOC and other marginalized and hard to reach communities.

To date, more than 84% of households receiving emergency COVID-19 related rental assistance have identified as BIPOC and the JOHS expects that same to be true next fiscal year.
