Election : 05/20/2014 - May Primary Election 2014

CITY OF GRESHAM

Measure No: 26-157

Caption: Five-Year Local Option Levy For Police, Fire, and Parks

Question: Shall Gresham levy \$1.25 per \$1,000 of assessed value for five years beginning 2014-2015 for police, fire, and parks? This measure may cause property taxes to increase more than three percent.

Summary: Revenue generated from this levy would fund police, fire, and parks services, with 95% of the revenue going to public safety and 5% of the revenue going to parks. The City of Gresham would use the revenue to fund police, fire, and parks services, and maintain the services that were funded by the temporary \$7.50 per month Police, Fire, and Parks Fee, which is set to expire on June 30, 2014 and would no longer be collected on utility bills. The City Council has established the following priorities for levy funds: targeting gang activity, keeping fire stations open and operating, maintaining police, fire, and emergency service response times, and addressing crimes that impact neighborhood livability. Levy revenue would be placed in a dedicated and protected fund for the specific purpose of providing police, fire, and parks services. The City's Finance Committee, which is made up of citizen volunteers, would provide oversight over the use of levy revenue.

This local option levy would expire in five years. The proposed rate would generate approximately \$5,443,132 in 2014-2015; \$6,126,679 in 2015-2016; \$6,824,353 in 2016-2017; \$7,532,113 in 2017-2018; and \$8,227,201 in 2018-2019, for a total of \$34,153,478.

Contest Total: 1

CITY OF MILWAUKIE (JT)

Measure No: 3-439

Caption: Authorizes general obligation bonds to refinance light rail construction debt

Question: Shall Milwaukie issue \$4,000,000 of general obligation bonds to refinance light rail construction debt to retain core services? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary: This measure authorizes the City of Milwaukie to issue up to \$4,000,000 of general obligation bonds to refinance Milwaukie's share of light rail construction costs. The bond proceeds would be used to refinance the debt, potentially at a lower interest rate, reducing Milwaukie's payments and saving the City money. Currently, the debt is being repaid from the City's General Fund, which also pays for core services including police protection and library services. Refinancing the debt would allow the City to retain core services. The bonds would be payable from property taxes and would be repaid over a period of 20 years or less. If the bonds are approved, the additional tax is estimated to cost \$36 per year for a Milwaukie home with a taxable value of \$200,000.

Measure No: 3-440

Caption: Charter Amendment to clarify City Manager residency requirement.

Question: Should the Charter be amended to clarify that the City Manager need not reside in Milwaukie?

Summary: If amended, Section 27(a) of the Milwaukie Charter would be amended to clarify that the City Manager does not need to reside in the City of Milwaukie. Under the current charter, the City Manager does not need to be a resident of the city at the time of appointment, but is required to take up legal residency in the City of Milwaukie either within six months of the date of hire or within such time as agreeable to the council.

Contest Total: 2

Election : 05/20/2014 - May Primary Election 2014

CITY OF PORTLAND

Measure No: 26-156

Caption: Amends Charter: Creates water and sewer district with elected board

Question: Shall Portland create district not subject to city council control, with elected board, transfer city water, sewer services to it?

Summary: Measure creates water and sewer district outside City Council or City Auditor supervision; transfers control of water and sewer operations and assets to board of seven uncompensated members elected (initially by plurality vote) for three year terms from zones approximating Portland Public School zones (area outside Portland Public School District not addressed). Board fills board vacancies by appointment. Persons disqualified as Board candidates: persons holding any elected position; persons formerly working or contracting with City related to water/sewer; current District contractors and employees. Earlier City employment disqualifies lawyer or auditor to work for District. Board can legislate; create civil and criminal liability; hire and fire employees; set rates; adopt budgets; provide for financial audits; purchase and condemn property; borrow funds; create City sewer and water bond liability; assess properties for water and sewer local improvement districts. City water and sewer employees transfer to District. District cannot mix Bull Run water except with water from existing well field, without emergency; cannot make watershed regulations less "protective," by undefined standard; cannot take certain other actions. Other provisions.

Contest Total: 1

BEAVERTON SCHOOL DIST #48JT

Measure No: 34-219

Caption: Bonds for Repairs, Reducing Overcrowding, Modernization, Safety and Technology Upgrades

Question: Shall Beaverton Schools repair, build schools, modernize, improve safety, technology; estimated to maintain current tax rate by issuing \$680,000,000 bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary: This measure would provide funds for repairs, construction and improvements over a projected eight-year period. Due to retiring previous bonds, the District's overall bond tax rate of \$2.11 per \$1,000 of assessed value is not expected to increase over the next eight years.

- Provide repairs throughout the District: replace and upgrade deteriorating roofs, outdated heating, ventilation and plumbing systems.
- Relieve overcrowding in existing schools. Construct a new high school, a middle school and an elementary school in high growth areas, reducing the use of portables and relocating portables.
- Replace schools at Hazeldale, Vose and William Walker elementary schools and Arts & Communication Magnet Academy.
- Modernize and renovate existing schools and facilities; provide furnishings, equipment and site improvements.
- Update learning equipment, digital curriculum, technology infrastructure in classrooms, libraries, computer, science labs and facilities.
- Purchase buses and office equipment.
- Update fire protection, security systems and make seismic improvements.
- Purchase land.
- Pay bond issuance and building costs.

The bonds would mature in twenty years or less from issuance date and may be issued in one or more series.

Contest Total: 1

TUALATIN VALLEY FIRE & RESCUE

Measure No: 34-211

Caption: Replacement local option levy for fire and medical emergency response

Question: Shall TVF&R maintain fire and medical emergency response by levying 45¢ per \$1,000 AV for five years, beginning in 2015. This measure may cause property taxes to increase more than three percent.

Summary: Voters first approved a local option levy for Tualatin Valley Fire & Rescue (TVF&R) in 2000 and renewed it in 2004 and 2008. This proposed levy would replace the current levy, which expires June 2015.

The replacement levy would keep 42 current firefighter medics. These firefighters help ensure each crew can take immediate action at complex incidents like fires, heart attacks, car crashes, and rescue situations.

Additionally, an increase in 9-1-1 calls, traffic congestion, and an aging population are impacting emergency response throughout the service area. The replacement levy would also add up to 44 firefighter medics, apparatus, and contribute towards new stations. These resources would help TVF&R meet its objective of fast and effective emergency response.

Staff that support safe and reliable emergency operations would also be funded.

The replacement levy rate is 45¢ per \$1,000 AV, a 20¢ increase over the current rate. For a typical home with an assessed value of \$230,000, the annual increase would be \$46.

If the levy fails, property taxes on a typical home would decline \$58.

The replacement levy is projected to raise \$109,280,075 over five years:

2015-16	\$20,277,124
2016-17	\$21,037,516
2017-18	\$21,826,423
2018-19	\$22,644,914
2019-20	\$23,494,098

Contest Total: 1

CORBETT SCHOOL DISTRICT #39

Measure No: 26-158

Caption: Bonds for Safety Improvement, Seismic Renovations and Operational Efficiencies

Question: Shall Corbett School District replace, renovate, save operating costs and improve safety by issuing \$9,415,000 in general obligation bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary: If approved, this measure would renovate/replace buildings to reduce maintenance costs; replace plumbing, electrical, heating and ventilation systems; meet seismic, fire and life safety building codes; improve safety and traffic; comply with federal ADA and equity laws. Specifically, this measure is expected to:

- Make seismic, fire protection, and energy upgrades to the Multi-purpose cafeteria (1970), the 1954 Gym, 1970's Gym and High School (1977).
- Replace the seismically challenged Middle School with a safe energy-efficient building.
- Address campus ADA and Title IX issues.
- Renovate/replace buildings, as needed, to address traffic and parking issues associated with new construction.
- Furnish, equip and make site improvements for all projects; pay for demolition and costs of issuance.
- Leverage additional available state funding for seismic and energy efficiency projects.

Bonds would mature in a period not to exceed twenty-one (21) years. The overall tax rate for bonds is estimated to be approximately \$1.71 per \$1,000 of assessed property value which represents no tax increase from 2013-14 due to retirement of existing debt.
