**Beaverton School District**

**34-313 Bonds to Repair, Rebuild  
Schools; Health, Safety, and  
Technology Upgrades**

**Question:** Shall District repair, rebuild, modernize schools and facilities, improve health, safety, technology, security, transportation, issue \$723,000,000 in bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

**Summary:**

Measure would provide funds for repairs, construction, and improvements. Because tax rate on existing bonds is scheduled to decline, this \$723,000,000 principal amount of bonds is only projected to cost an additional \$0.25/\$1,000 of assessed value annually. For home with average assessed value of \$303,021, that is approximately \$76 per year.

Bond funds would finance capital costs, including:

- Improve air ventilation systems
- Fund seismic upgrades
- Repair/replace aging roofs
- Upgrades and/or replacements to structural, mechanical and electrical systems
- Make special education classrooms more accessible for students; add classroom space to address overcrowding
- Upgrade computers and devices for students and staff; update technology infrastructure
- Upgrade safety and security systems, including security cameras and entry access control systems
- Replace old buses and improve transportation facilities
- Modernize schools throughout the District
- Rebuild Beaverton High and Raleigh Hills Elementary
- Pay issuance costs, purchase property, repay existing debt

Bonds may be issued in multiple series; each maturing within 30 years from issuance. Levy rate may change based on interest rates or assessed value growth.
