**Portland School District Measure**

**26-259  
Bonds to Improve Health, Safety, and Learning; Modernize, Repair Schools**

**Question:** Shall Portland Public Schools repair, modernize schools; increase health, safety; by issuing bonds estimated to maintain current tax rate?

If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

**Summary:**

Measure authorizes up to \$1.83 billion in principal amount of general obligation bonds for facilities and education investments.

If approved, this measure would finance capital costs, including:

**Update, Repair Aging Elementary and Middle Schools:**

- Update/replace major building systems, including roofs, siding, heating/cooling

**Make Schools Safe and Secure:**

- Update safety, security systems
- Seismic upgrades

**Modernize, Improve Educational Materials, Technology and Schools:**

- Renovate/replace schools, including Cleveland, Ida B. Wells (formerly Wilson)
- Upgrade curriculum materials, technology, including student devices

**Increase Extracurricular Opportunities:**

- Upgrade/expand high school athletic facilities; create district-wide athletic hubs at Jackson, Marshall
- Update high school performing arts/theater facilities

Requires community accountability/oversight; independent audits of projects and expenditures

Bonds may be issued in one or more series, each series maturing in 30 years or less.

Due to declining debt service, measure is not expected to increase PPS's bond tax rate above \$2.50/\$1,000 assessed value, the rate that has been targeted since 2017 bond. Actual rates may differ based on interest rates and changes in assessed value.
