Program Characteristics:

Executive Summary

The Mentally III Offender (MIO) unit provides supervision services for probation, parole and post-prison offenders who have been diagnosed with a severe and persistent mental illness. The MIO unit works in collaboration with a variety of community partners including but not limited to the Sheriff's Office, the courts, the Department of County Human Services (DCHS), the Local Public Safety Coordinating Committee (LPSCC), Oregon Department of Corrections (DOC), Portland Police, treatment providers and most community groups that work with this population.

Program Summary

The MIO unit works to divert offenders with severe mental illness from incarceration and hospitalizations by treating them in the community. By providing these offenders with community-based treatment and with supervision from specially trained Parole/Probation Officers (PPOs), the MIO unit preserves community safety and minimizes offender contact with the criminal justice system. The goal of the MIO unit is to reduce recidivism, enhance community safety and to support the mentally ill offender in achieving stabilization and improved functioning.

The MIO unit performs the following:

- 1) Improves access to appropriate services for people with severe mental illness who are at high risk of criminal justice involvement:
- 2) Reduces jail and hospital admissions:
- 3) Assists offenders in achieving a decent quality of life outside of jails, prisons and hospitals;
- 4) Provides ongoing monitoring and surveillance; and
- 5) Reduces substance abuse and illicit drug use.

This program, along with program offer 50010, Adult Offender Mental Health Services, supports public safety by providing supervision and treatment to high and medium risk offenders who require assistance in accessing resources to help them achieve a higher quality of life.
