Medical Expense Reimbursement Plan
(MERP)

Annual Goal Amount \$ _____

(Minimum \$240 per year; maximum \$2,600)

I do not wish to participate in MERP.

Dependent Care Assistance Plan
(DCAP)

Annual Goal Amount \$ _____

(Maximum \$5000 per year; \$2500 if married filing separate)

I do not wish to participate in DCAP.

Your annual contribution amount will be **evenly** deducted from each pay check during the plan year.

- I understand changes cannot be made to the annual contribution amount unless: 1) there is a qualifying family status change as defined by the IRS, and 2) I notify the County in writing within 90 days of the qualifying event.
- I must file claims reimbursement for eligible expenses incurred during participation no later than 90 days after December 31, 2018 - all claims must be in PacificSource Administrator's office no later than 5:00 p.m., March 31, 2019. I understand I will forfeit all funds (above the \$500 carryover limit for MERP) that are deposited in my account which are not reimbursed to me by appropriate claim filing within the designated claim filing period.
- I understand expenses incurred by my domestic partner or their dependents are not eligible for reimbursement under the Medical Expense Reimbursement Plan (MERP.)

- I understand that if I am married, I will not have qualified DCAP expenses unless my spouse works (or is looking for work), my spouse is disabled, or my spouse is a full-time student and attends classes outside the home at least five months a year. The amount I am eligible to contribute to DCAP cannot exceed my spouse's earned income in 2018 if that income is less than the plan maximum.
- I authorize Multnomah County to withhold deductions necessary to reach my MERP and DCAP Annual Contribution Amounts from my pre-tax income each pay period—these funds will be deposited into my FSA account.
- I certify all of the above information is accurate. I have read and understand what is considered an eligible dependent, an eligible expense, and the risk of contribution forfeiture under this plan.
- I understand that unsubstantiated debt could be required to be paid back or reported on my W-2 form.

MERP and DCAP are types of flexible spending accounts (FSAs) that allow you to pay for certain expenses with pre-tax dollars, resulting in increased take-home pay for you.

Estimate your expenses: Estimate your unreimbursed health or day care expenses, but be conservative! The IRS has several rules that govern this plan. If you overestimate and do not have enough eligible expenses to submit for reimbursement, you risk forfeiting money left in your account at the end of the plan year.

Enroll: Return this enrollment form by the deadline stated. Your annual goal will be divided into equal payroll deductions. This money is then sent to PacificSource Administrators. You may access your total MERP election amount at any time during the plan year after the first contribution cycle. Access to DCAP funds is limited to the total amount you have paid into your account to date.

Request reimbursements: As you incur expenses, you simply submit a Request for Reimbursement form to PacificSource Administrators along with copies of receipts or supporting documentation or for certain MERP expenses you may use your Benny™ Card. You will be reimbursed for qualified expenses directly without paying tax on that money. Reimbursement is paid to you by check or via direct deposit.

Limit of one election per plan year. Once you've decided on your FSA allocations, your choice to participate is IRREVOCABLE. You cannot change your election amount/s or stop participation until the next plan year unless you have experienced a qualified change in status. Please see the *Guide to MERP* or *Guide to DCAP* for more information.

Use-it or roll over up to \$500. If you allocate more money than you need during the plan year, any remaining money in your account (above \$500 for MERP) is forfeited. FSA MERP balances up to \$500 can carry over from one year to the next. It's important to be conservative with your expense estimates and contribution allocations, since over estimations can cause you to forfeit funds. There is no roll over option for DCAP.

Date incurred. Expenses must be incurred during your participation within the plan year to be eligible for reimbursement. "Incurred" means the date the service was rendered, not the date you paid the bill.

No "double dipping." Expenses paid through the FSA may not also be taken as an income tax deduction or reimbursed through a VEBA account.

The deadline for filing claims is March 31, 2019 for expenses incurred while you were a participant in the 2017 Calendar year plan. Your reimbursement forms and supporting documentation must be received in PacificSource Administrator's office by 5:00pm on March 31, 2019. Failure to file claims (above the \$500 rollover limit) by the deadline will result in forfeiture of remaining contributions.
