**Executive Summary**

The Office of the Tri-County Health Officer provides public health physician consultation, medical direction, and leadership to health department administrators, program staff and community partners. This cooperative effort of the metro-county health departments is intended to: (1) Improve the consistency and quality of public health services in the three counties, (2) Increase learning and collaboration across the counties, and (3) Improve the quality, efficiency and effectiveness of Health Officer services, both as a region and for individual counties.

**Program Summary**

The Tri-County Health Officer Program (TCHO) provides medical consultation, technical counsel, and leadership by four public health physicians including 1.7 FTE in Multnomah County and, by contract, 0.5 FTE in both Clackamas and Washington Counties.

In Multnomah County the Health Officer is also the TriCounty Health Officer and supervises three deputy health officers, one in each county. In Multnomah County, the deputy Health Officer serves as medical consultant to the Communicable Disease, STI, TB, and Environmental Health Programs. The Health Officer oversees the EMS Program, the Public Health Emergency Preparedness Program, and the regional 7 county Hospital Preparedness Program. In addition the Health Officer supervises the Medical Director of the FQHC and provides technical consultation to the maternal child health program and health promotion efforts.

The deputy Health Officers working in Clackamas and Washington Counties have broad roles in supporting their respective administrators with an emphasis on Communicable Disease Control given the limited FTE.

Broadly speaking, the Health Officers, (1) participate in enforcement of public health laws; (2) supervises select public health programs; (3) works with department staff, other county agencies, and community groups to manage critical public health problems; and (4) participates in department administration.

The program supports Multnomah County Health Department's goals by providing effective and accountable local public health practice leadership and medical direction that results in quality clinical and health promotion programs. In the current fiscal year, through the joint efforts of the TCHO, health officer program staff were able to provide leadership on chronic disease prevention programs, address issues of communicable disease control including a large increase in tuberculosis in Clackamas County, lead the development of regional opiate prescribing standards, lead regional Ebola response planning, provide technical support for board presentations on maternal child health, disparities, and e-cigarettes.
