Executive Summary

Preparing for and responding to emergencies with widespread or severe health impacts require multi-agency, multi-jurisdictional, and public/private sector collaboration. The Health Department Public Health Preparedness (HDPHP) program assures that we can carry out the County's unique public health responsibilities in an emergency and contributes to this.

Program Summary

Responding to emergencies with severe health impacts equitably (such as natural disasters, severe epidemics/pandemics, terrorist attacks) requires coordinated action to 1) focus the response on priority needs, and 2) effectively leverage resources of government, private healthcare providers, and non-profit organizations. Public Health preparedness includes: 1) emergency plans and protocols linked to the County's Emergency Response Plan; 2) trained and exercised Health Department leadership, managers and supervisors and incident management team members; 3) exercises to test and refine plans and capabilities, and 4) plans to increase capacity for key public health functions (e.g., epidemiology capacity to investigate and analyze an emergency's health impacts).

This program is funded through two grants that help the County meet Public Health modernization goals of public health emergency preparedness and response. The program staff work collaboratively across the region and with the State to ensure effective, equitable, and coordinated public health preparedness and response .

Performance Measures

Measure Type	Primary Measure	FY21 Actual	FY22 Budgeted	FY22 Estimate	FY23 Offer
Output	Ensure proper PH leadership and prog. representation in emerg. activation and exercise over the year.	100%	100%	100%	100%
Outcome					

Performance Measures Descriptions

Legal / Contractual Obligation

ORS 431 and 433 empower the County and Health Department to plan, coordinate, and operationally lead in matters related to preserving the life and health of the people within the County. An intergovernmental agreement with the Oregon Health Authority (Public Health Division) specifies requirements for public health preparedness activities supported with federal CDC funds this includes two grants the Public Health Emergency Preparedness Grant and the Cities Readiness Initiative Grant. Both sources of federal funds are dedicated to public health emergency preparedness, and cannot supplant other funding or be used to build general emergency preparedness or public health capacities.
