

**Department:** Health Department      **Program Contact:** Amy Sullivan  
**Program Offer Type:** Existing Operating Program      **Program Offer Stage:** As Requested  
**Related Programs:** 40014  
**Program Characteristics:** In Target

**Executive Summary**

Communicable Disease Services (CDS) protects the health of the community by responding to reportable communicable diseases with prompt disease investigation and limiting the spread of these diseases through appropriate disease control interventions. CDS upholds the State of Oregon communicable disease statutes, responding to over 5,000 disease reports each year, ranging from tuberculosis (TB) and pertussis to E. coli 0157 and Zika. CDS responds 24/7 to events of public health importance.

**Program Summary**

The vision of Communicable Disease Services (CDS) is to be a trusted community resource that protects the people of Multnomah County from preventable infectious diseases. The program limits the spread of life-threatening infectious diseases using core public health principles and tools. Staff conduct investigations that find people who have been exposed to serious diseases to make sure they get the information and care they need to stay healthy. To prevent these diseases before they start, CDS works with communities to provide health education, and offers immunizations through our downtown clinic. For people who already have diseases like TB, the program assures access to medicine. For healthcare providers, the program assures availability of appropriate diagnostic testing by providing a link to state and national laboratories that test for rare pathogens. CDS is also the frontline of an international system that tracks communicable disease threats, collecting and sharing essential information with the State of Oregon and the Centers for Disease Control and Prevention.

CDS' culturally diverse staff includes highly-trained public health nurses, epidemiologists, community health specialists, analysts, and administrative staff with knowledge of infectious disease transmission and State reporting rules. Staff work with other Health Department programs, including Environmental Health, Health Officers, and Emergency Preparedness; provide educational opportunities for future public health professionals; and support newly arriving refugees, who are disproportionately affected by communicable diseases common in their countries of origin.

CDS services include comprehensive TB prevention through clinic and home visits, nursing case management, and screening; epidemiologic investigation and assured preventive health measures in response to reportable disease exposures and outbreaks; response planning and implementation for emerging infectious diseases like Zika; public health disease surveillance and analysis to track communicable disease threats; and provision of OSHA-mandated blood-borne pathogens training and health screenings for County employees. CDS is also expanding partnerships with government and community partners to build preemptive capacity to address emerging issues, including the need for increased provider support and case investigation related to Zika. Ongoing challenges include multi-drug resistant TB, healthcare-acquired infections, and increased homelessness making identification of cases and contacts more difficult.

**Performance Measures**

Measure Type	Primary Measure	FY17 Actual	FY18 Purchased	FY18 Estimate	FY19 Offer
Output	Number of disease report responses	5,240	5,850	5,560	5,560
Outcome	Location of contacts (pertussis, meningococcal meningitis, Hepatitis A and B) within one day	NA	70%	70%	70%
Quality	Percent of tuberculosis (TB) patients completing treatment within 12 months	100%	90%	94%	90%

**Performance Measures Descriptions**

1) Disease & laboratory reports received/reviewed/responded to. 2) New in FY18: Timeliness of response. Potentially exposed persons. Excludes chronic Hepatitis B cases. 3) National goal for completing TB treatment (90% per OHA & CDC).

## Legal / Contractual Obligation

ORS Chapters 433, multiple sections. OAR 333-012-0065: Epidemiology and Accident Investigation and Reporting  
OAR 333, Division 17, 18 and 19: Disease Control, Disease Reporting, and Investigation and Control of Diseases. OAR 333-026-0030: Civil Penalties for Violations of OAR Chapter 333, Divisions 18 and 19. OHA ACDP Investigative Guidelines, per OAR 333, Div. 19. Local Health Department Program Elements PE 01, PE 03, PE 25, PE 43. OHA and CLHO BT/CD & TB Assurances  
OAR 437: OR-OSHA: Bloodborne Pathogens 1910.1030. CDC recs: Immunization of Health-Care Workers, Vol. 46/RR-18; Guidelines for Preventing the Transmission of TB in Health-Care Facilities, Vol. 43/RR-13.

Service Charges	\$0	\$37,477	\$0	\$118,754
<b>Total Revenue</b>	<b>\$96,682</b>	<b>\$1,350,185</b>	<b>\$126,676</b>	<b>\$1,662,741</b>

## Explanation of Revenues

CDS is funded by federal and state grants and client fees. Federal and state grants support best practices (e.g., TB evaluations and LTBI treatment support for newly arriving refugees) and expanded public health surveillance activities (e.g., Metropolitan Area Pertussis Surveillance and Emerging Infectious Disease program) that build upon statutory responsibilities. Internal service reimbursements are for occupational health services provided to county employees and volunteers.

State of Oregon LPHA (Direct State and Federal through State): \$1,391,638  
Refugee Health Promotion (Direct Federal): \$198,239  
Medical Fees: \$72,864

## Significant Program Changes

**Last Year this program was:** FY 2018: 40010 Communicable Disease Prevention and Control

Due to reductions in this Program Offer and related offer 40014, the CDS Clinic will close one day a week and TB shelter screening and support for the shelter Blue Card program will not be provided. Direct provision of a reduced number of immunizations has been moved into this Program Offer from offer 40014.
