Executive Summary

Integrated Clinical Services (ICS) is the largest Federally Qualified Health Center (FQHC) in Oregon, providing high-quality, patient-centered health care and related services to communities across Multnomah County. North Portland Health Center (NPHC) serves around 3,800 clients per year. Due to the reduction in the number of operating sights, as a response to COVID-19, NPHC clients were served at the Northeast Health Center for the first 3 months of FY21. The North Portland Health Center resumed onsite operations in October 2020 and served 3,693 patients. The majority of North Portland Health Center clients represent historically underserved (Black, Indigenous, People of Color) BIPOC communities and vulnerable populations. NPHC is an important health care safety net for the community and is part of the County's FQHC.

Program Summary

The Health Center welcomes all county persons, regardless of insurance status, ability to pay, or documentation status. Our health center prioritizes culturally and linguistically appropriate care, supporting patients in a way that works for them. Over sixty percent of our patients identify as people of color, and more than 40% are best served in a language other than English, including more than 100 different languages. Nearly 15% of our patients have no insurance, and 95% of our clients live below 200% of the Federal Poverty Guideline. All programs within ICS are committed to improving health outcomes, reducing health disparities and ensuring affordable, quality access to healthcare.

North Portland Health Center primary care is designed as a Person Centered Medical Home. This model includes reducing barriers to access, integration of behavioral health services, providing continuity and coordination of services, and collaboration with community partners. NPHC provides comprehensive, culturally appropriate services that include:

- Primary care services including treatment of acute and chronic illnesses, behavioral health, drug & alcohol treatment, family planning, prenatal and preventive services (well child, immunizations), and community health education.
- Pharmacy and lab services
- Enabling services: Medicaid eligibility screening, medical interpretation, transportation, case management and health education

The clinic provides culturally appropriate care to a diverse population with the largest groups served being the Latinx diaspora (42%), Black community (16%) and the white community (32%). The remaining 12% of our patients identify as Asian, Native American and Pacific Islander.

Performance Measures

Measure Type	Primary Measure	FY21 Actual	FY22 Budgeted	FY22 Estimate	FY23 Offer
Output	Individual patients served	3693	3,900	3,900	4,000
Outcome	Number of visits completed	11,728	20,152	20,000	14,865

Performance Measures Descriptions

Output: Individual Patients Served. This measure describes the number of unique clients assigned to this site and have received clinical care within the last 12 months.

Outcome: This is the total number of in clinic visits including PCP, BHP, and Nursing Speciality Care on site. Higher visit volumes means the clinic is better able to address the complex medical needs of the community more effectively.

Legal / Contractual Obligation

The Health Center complies with CLIA (Laboratory accreditation) requirements, CCO contractual requirements, compliance with the Bureau of Primary Health 330 Grant (HRSA), and the Patient-Centered Primary Care Home (PCPCH) program. The Health Center is accredited under the Joint Commission (TJC) and follows accreditation guidelines.

All costs and revenues generated by this program must also comply with the HRSA FQHC requirements.

Revenue/Expense Detail

	Adopted General Fund	Adopted Other Funds	Adopted General Fund	Adopted Other Funds
Program Expenses	2022	2022	2023	2023

Explanation of Revenues

This program generates \$518,400 in indirect revenues.

This program is supported by a federal BPHC grant, as well as Medicaid/Medicare fee revenue.

- \$ 987,165 - Medical Fees
- \$ 223,895 - Federal Primary Care grant PC 330
- \$ 450,000 - Federal Primary Care/Homeless grant
- \$ 3,363,464 - FQHC Medicaid Wraparound
- \$ 294,296 - Medicare PC North

Significant Program Changes

Last Year this program was: FY 2022: 40019 North Portland Health Clinic

The COVID-19 pandemic continued to stretch the Health Center resources, requiring shifting prioritization towards vaccination and testing clinics. Beginning in mid-FY 2022, the FQHC revenue and expenses were transferred from the General Fund into a newly created FQHC Enterprise Fund which is shown in Other Funds. Changes in FTE are a reflection of moving Community Health Worker and Behavioral Health staff to a separate program offer (40102 Allied Health).
