Executive Summary

Integrated Clinical Services (ICS) is the largest Federally Qualified Health Center (FQHC) in Oregon, providing high-quality, patient-centered health care and related services to communities across Multnomah County. Mid-County Health Center (MCHC) is located in one of the most culturally diverse areas of Multnomah County and plays a significant role in providing safety net medical services to residents in the community. Over the past 12 months, the Health Center provided care to 7,183 clients. With the Refugee Clinic and culturally diverse staff, MCHC is an important partner and contributor to the refugee and asylee resettlement efforts.

Program Summary

The Health Center welcomes all county persons, regardless of insurance status, ability to pay, or documentation status. Our health center prioritizes culturally and linguistically appropriate care, supporting patients in a way that works for them. Over sixty percent of our patients identify as people of color, and more than 40% are best served in a language other than English, including more than 100 different languages. Nearly 15% of our patients have no insurance, and 95% of our clients live below 200% of the Federal Poverty Guideline. All programs within ICS are committed to improving health outcomes, reducing health disparities and ensuring affordable, quality access to healthcare.

Mid County Health Center primary care is designed as a Person Centered Medical Home. This model includes reducing barriers to access, integration of behavioral health services, providing continuity and coordination of services, and collaboration with community partners. MCHC provides comprehensive, culturally appropriate services that include:

- Primary care services including treatment of acute and chronic illnesses, behavioral health, drug & alcohol treatment, family planning, prenatal and preventive services (well child, immunizations), and community health education.
- Refugee and asylee medical screenings in contract with Oregon Department of Human Services.
- Limited specialty services including gynecology
- Pharmacy and lab services
- Enabling services: Medicaid eligibility screening, medical interpretation, transportation, case management and health education

MCHC is tightly linked with refugee resettlement agencies (Sponsors Organized to Assist Refugees SOAR, Catholic Charities, Lutheran Community Services), the Centers of Disease Control and the State of Oregon. 65% of MCHC clients are immigrants or were refugees from areas, e.g., Ukraine, Afghanistan, DRC, Burman, Russia, Latin America, Kosovo.

COVID-19 pandemic required the Health Center to expand telehealth, and telemedicine programs to meet the needs of our clients while remaining in compliance with CDC recommendations aimed at decreasing spread of COVID-19. Beginning in mid-FY 2022, the FQHC revenue and expenses were transferred from the General Fund into a newly created FQHC Enterprise Fund which is shown in Other Funds. CHW and BHP roles moved to program offer 401102 Allied Health.
