Executive Summary

The Central Lab and the Health Information Management program provide essential clinical support to health delivery and emergency preparedness programs in the Health Department. These programs support the delivery of care to clients of Health Department services (including Primary Care, Student Health Centers, Disease Prevention Clinics, Dental, and Corrections Health). The lab handles approximately 290,000 specimens per year. Medical Records fulfills approximately 15,000 medical records requests per year.

Program Summary

Laboratory:

Tests clinical and environmental specimens, manage external laboratory contracts, prepares for emergencies (including bioterrorism), and the surveillance of emerging infections. Access to laboratory testing assists in the diagnosis, treatment, and monitoring of clients receiving health care in Health Department facilities.

Health Information Management:

Manages health (medical/dental) records systems to ensure comprehensive clinical documentation and compliance with all applicable licensing, regulatory and accreditation standards. The manager of Health Information fulfills the role of the Health Department's Privacy Official as required by HIPAA (Health Insurance Portability and Accountability Act). Health Information Management ensures proper documentation of health care services and provides direction, monitoring, and reporting of federally required HIPAA compliance activities.

Performance Measures Descriptions

Legal / Contractual Obligation

Federal and state mandates require maintenance of medical/dental records. HIPAA and state confidentiality and privacy laws require adherence to standards. Various grants require provisions for laboratory services. The Electronic Health Record (EHR) and Practice Management contractual obligations will be as per the contractual agreement between Multnomah County Health Department (MCHD) and OCHIN. Multnomah County Health Department is the client receiving services from OCHIN in this agreement.
