

Division: Integrated Clinical Services

Program Characteristics:

Program Description

This program offer funds the Community Health Center Board (CHCB), which is the governing board of the Multnomah County Community Health Center. The CHCB is critical in ensuring access to health care for our most vulnerable residents. It serves as the co-applicant board with the Board of County Commissioners, as required by the Health Resources and Services Administration’s Bureau of Primary Health Care, to provide oversight on policies and programs within the scope of the Primary Care Grant.

The CHCB enables Multnomah County to meet the Health Resources and Services Administration's 21 mandatory program requirements. This includes oversight of quality assurance, health center policies, patient satisfaction, and accountability of the Multnomah County Community Health Center’s Executive Director in all matters of compliance and operations.

To meet the federally-mandated program requirements for Federally Qualified Health Centers, the CHCB must have a minimum of 51% consumer membership. Meeting these requirements allows the Multnomah County Community Health Center to retain the federal grant and all benefits associated with FQHC status. The CHCB currently comprised of ten members meeting the 51% consumer requirement and fairly represents the communities served by the Multnomah County Community Health Center’s health clinics located throughout the county.

Equity Statement

The Multnomah County Community Health Center’s vision is to ensure all people in our community receive reliable, inclusive, and high-quality healthcare. We do this with a workforce that reflects the diversity of our communities and by reducing the financial, administrative, language, and social barriers that contribute to health inequities. Our core values emphasize providing care that is tailored to each individual's needs and centered on equity and measurable health outcomes.
