

Division: Financial And Business Management

Program Characteristics:

Program Description

Annually, this program processes more than 1,000 contract and procurement action requests, and an additional 5,298 actions in the Multnomah MarketPlace (MMP) and outside, for direct purchase of goods. Staff procure a wide array of products, goods and services, totaling more than \$67 million per year. By writing clear and comprehensive agreements and by complying with federal, state and county procurement laws and regulations, the program safeguards the department from risk and procures cost effective high quality goods and services. This program offer includes the vaccine depot where vaccines are received, stored and distributed. The depot processes on average 85+ orders per month. This is the primary point of contact for routine vaccine services management. The depot has a key role in emergency public health responses that require vaccine prophylaxis that reduce the spread and severity of disease.

We strive to build trusting partnerships with community partners we depend on and we genuinely engage with communities and staff to drive positive changes, especially in the areas of business, operational and financial management. We pride ourselves on our ability to recruit, retain and promote a diverse, inclusive and high-performing workforce.

Equity Statement

The Health Department's Financial and Business Management (FBM) team upholds the highest standards of fiduciary responsibility and financial stewardship, ensuring resources are managed with integrity and transparency. FBM centers equity in policy and practice, supporting the Health Department's mission to reduce health disparities. FBM continually invests time and resources into identifying and dismantling systems that contribute to inequity and white supremacy culture.
