

Division: Corrections Health

Program Characteristics:

Program Description

Corrections Health (CH) provides constitutionally-mandated care for the approximately 1,000 adults and 30-40 youth who may be in custody at any one time across three sites: Multnomah County Detention Center (MCDC), Inverness Jail (IJ), and the Donald E. Long (DEL) Juvenile Detention Home. Annually, we provide care at these sites for more than 36,000 adults and more than 1,000-1,200 youth. Of the youth we care for each year, more than 40% have significant mental health conditions.

Corrections Health provides care at these three sites, and across six housing areas that include adults in custody who have been deemed "high level discipline." Medical, mental and dental health care are provided via 20 medical beds, two general and multiple mental health modules, and three dental operatories. Corrections Health also provides physical therapy, X-ray and lab services, and provides referrals for external services.

Services such as skilled nursing, IV therapy, and post-surgical care are provided in the jails instead of a high cost hospital. Corrections Health is staffed 24/7 with nursing personnel to provide needed care and emergency medical response. This program offer includes the Corrections Health Quality Team which provides accreditation monitoring and support, to include policy creation, tracking, and recertification; as well as augmented data support and electronic medical record data support.

Equity Statement

As health risk and diseases rarely impact all communities equally, the work of Corrections Health addresses the groups disproportionately impacted. That care is delivered to BIPOC populations that are disproportionately brought into the justice system. Recruitment and hiring practices have been refined to promote a workforce that more closely resembles the demographics of the population we serve.
