

Legal / Contractual Obligation

Necessary health care for incarcerated individuals is a right because they do not have the freedom to obtain care on their own. Appropriate access to care and timely evaluation by a health professional is mandated by the 4th, 8th and 14th amendments. When serious health needs are not adequately addressed by professionals, that deliberate indifference to medical needs may bring harm to individuals entrusted to our care and increase liability for the County. Corrections Health is bound by ethical standards to provide unbiased care to all individuals based on community standards of care.

Explanation of Revenues

As a result of current laws that govern the responsibilities of governmental agencies in the care of detained individuals, Corrections Health is unable to bill for all services from Medicare, Medicaid and OHP. These rules and laws are under review nationally to determine if additional revenue sources can be made available to jails. Youth in the Alcohol and Drug Treatment Program have Oregon Health Plan (OHP) coverage so some of their clinic appointments with a physician and medications are billed to the Oregon Health Plan.
