Program Characteristics:

Executive Summary

Corrections Health Multnomah County Inverness Jail houses 860 men, women, inmate workers for inside and outside work crews, sentenced individuals and those awaiting trial who are being medically stabilized with treatment. Approximately 100 USM detainees are housed in the system daily. Over 36,000 individuals are cared for each year with over 50% having health conditions, such as diabetes, kidney failure, infections, alcohol and drug withdrawal and mental illnesses.

Program Summary

The core responsibility of Corrections Health is to provide a constitutional and community level of health care (medical, mental health and dental) to the individuals entrusted to our care while incarcerated in the adult detention facilities or the Donald E. Long Detention Center. That care is delivered to a population disproportionately involved in the justice system. As health risk and diseases rarely impact all communities equally, the work of Corrections Health addresses the groups disparately impacted. Recruitment and hiring practices have been refined to promote a workforce that more closely resembles the demographics of the population we serve. Further efforts will be made in FY22 to evaluate policies, procedures and practices to ensure that an equity approach is used whenever possible while maintaining appropriate access to essential care.

Trained, skilled professional staff working 24/7 provide effective screening, illness identification, evaluation and effective targeted treatment through a system of policies and procedures that reflect the standard of care in the community and is equivalent to other correctional facilities across the country. This offer represents a variety of health, mental health, and dental services to 430 men and women in the open Dorms at MCIJ. Diverse staff work 24/7 to provide evaluation, treatment, referral, medication management, emergency response, communicable disease identification and suicide prevention. Inside and outside inmate workers are monitored by Corrections Health for the ability to work, evaluation of injuries and medication management when out of the facility. Chronic disease monitoring is key to preventing hospitalizations for clients with diabetes, hypertension, seizures, heart disease and infections. Special orthopedic and OB/GYN clinics operate on-site. In partnership with custody staff, Corrections Health responds to emergencies and screens for communicable diseases. This health care is delivered effectively through providing the right care in the right settings. Mental health services are also provided to inmates at MCIJ. Inmates are more stable in this jail allowing for mental health groups to occur several times per week. In addition to groups, individual sessions and medication management occur.

Performance Measures

Measure Type	Primary Measure	FY20 Actual	FY21 Budgeted	FY21 Estimate	FY22 Offer
Output	Average # AIC nursing assessments monthly	1,800	1,835	1,200	1,200
Outcome	# of 14-Day Health Assessments completed monthly	250	280	280	100

Performance Measures Descriptions

Measure 1: Reflects care delivered in the entire facility and includes both medical and mental health requests.
Measure 2: Based on NCCHC accreditation requirements, we are tracking 14-day history and physical assessments.

Legal / Contractual Obligation

Necessary health care for incarcerated individuals is a right because they do not have the freedom to obtain care on their own. Appropriate access to care and timely evaluation by a health professional is mandated by the 4th, 8th and 14th amendments. When serious health needs are not adequately addressed by professionals, that deliberate indifference to medical needs may bring harm to individuals entrusted to our care and increase liability for the County. Corrections Health is bound by ethical standards to provide unbiased care to all individuals based on community standards of care.

Revenue/Expense Detail

	Adopted General Fund	Adopted Other Funds	Proposed General Fund	Proposed Other Funds
Program Expenses	2021	2021	2022	2022
Personnel	\$1,798,791	\$0	\$1,261,369	\$0

Total GF/non-GF	\$2,256,653	\$0	\$3,134,185	\$0
Program Total:	\$2,256,653		\$3,134,185	
Program FTE	7.95	0.00	7.70	0.00

Program Revenues				
Total Revenue	\$0	\$0	\$0	\$0

Explanation of Revenues

As a result of the current laws that govern the responsibilities of governmental agencies in the care of detained individuals, Corrections Health is unable to bill for services from Medicare and Medicaid. These rules and laws are under review nationally to determine if additional revenue sources can be made available to jails. Provider assessments, treatments, screenings, diagnostic tests and communicable diseases tests are performed at no charge. Medications are provided at no charge. Necessary clinical care is provided regardless of the detainee's ability to pay.
