Significant Program Changes

Last Year this program was: FY 2022: 40056 Healthy Families

FY23 revenue is increased by \$397,096 due to carryover, an increase in HFO grant funds, and a portion CDC COVID-19 Health Disparities funding. Funds will pay for increased payment to contracted CBOs, plus a COLA. CDC funds will support contractors in providing direct client assistance not allowed by HFO grant funding. COVID-19-Related Impacts - Since March FY20, HFMC has stopped hospital screening and in-person services, and has received most referrals via MCFH central referral. HFMC and its contractors will continue primarily telehealth visits in FY23. Family stress has measurably increased due to the pandemic, impacting both staff and families, disproportionately for BIPOC families. Families require more intensive services. Mental Health supports have been added to all teams. Reductions in # of families served are the result of reduced referrals and staffing challenges.
