FY 2024 Department Requested

Department: Health Department Program Contact: Thomas Bialozor

Program Offer Type: Administration Program Offer Stage: Department Requested

Related Programs: 40067, 40068 Program Characteristics: In Target

Executive Summary

Multnomah County's Behavioral Health Division (BHD) Administration manages a recovery-focused, comprehensive system of care to prevent, intervene in, and treat mental illness and addiction in children and adults. The Division is grounded in values of racial and social equity, consumer driven services and trauma informed principles. Through culturally responsive and evidence-based practices, BHD serves low-income, uninsured, and individuals who are homeless, as well as any of the over 800,000 county residents experiencing a behavioral health crisis. BHD provides a continuum of services directly and through a provider network. These programs serve approximately 56,000 individuals annually.

Program Description

The Board of County Commissioners is the Local Mental Health Authority. Through that authority, BHD Administration oversees and manages all publicly-funded behavioral health programs in the system of care, whether provided directly or through contracted agencies. BHD is organized into 6 units: 1) The Community Mental Health Program (CMHP) which provides safety net and basic services to the adult population of the entire county. 2) Direct Clinical Services (DCS), which encompasses programs for children, youth, and families delivered directly by DCS staff. These services may be reimbursed by the local Coordinated Care Organization (CCO), by the state, or by another funding source. 3) Care Coordination for adults and children who are Medicaid members - funded by federal dollars through the local CCO as well as Choice, funded by the state. 4) Addictions, which includes the Providing Access to Hope (PATH) team, prevention, and contract management funded through the CCO, grants, and the state. 5) Quality Management which includes compliance, quality improvement, reporting, billing and Evolv, the Electronic Health Record for direct services by the BHD. 6) Office of Consumer Engagement (OCE).

BHD Administration continuously assesses its continuum of services to respond to the changing needs and demographics of Multnomah County. All changes are shaped by the input of consumers, advocates, providers and stakeholders. The Division ensures the system and services provided are consumer-driven by prioritizing consumer voice through the Office of Consumer Engagement, frequent provider feedback, adult system and child system advisory meetings, focus groups and ad hoc meetings. BHD Administration is also responsible for ensuring contracted providers deliver evidence-based and culturally responsive services to consumers. BHD monitors contracts with providers for regulatory and clinical compliance. To ensure good stewardship, BHD business and clinical decisions ensure that finite resources are targeted to serve the most vulnerable populations. BHD management participates in planning at the state level to influence the policy decisions that affect the community we serve. BHD values our community partners, with whom we work collaboratively to create a system of care responsive to the needs of our community. BHD has focused its energies throughout the pandemic to stabilize or expand services for persons experiencing significant Covid impacts, prioritizing BIPOC communities, and key
