**Program Characteristics:** Out of Target

**Executive Summary**

MHASD supports a recovery oriented system of care which endorses the belief that all consumers experiencing mental health and substance use conditions can and do recover. The important voice of consumers, with lived experience brings a valuable and necessary perspective to ensure community services are recovery oriented and trauma informed. In order to support the expansion, coordination and quality of peer services in Multnomah County, we seek to employ an Office of Consumer Engagement within MHASD.

**Program Summary**

Currently, MHASD and community contractors employ a total of 76 paid peer staff and volunteers. The MHASD Office of Consumer Engagement will advise division leadership and function as liaisons to community providers and system partners. This team will also help MHASD utilize current resources to improve engagement and coordination of care for our most vulnerable residents in Multnomah County living with mental illness and addiction. Peer staff will develop workforce strategies and community training to increase awareness and the number of peers being competitively employed in our county. We believe that employing an Office of Consumer Engagement in MHASD will increase engagement of consumers in our community, improve our outreach to diverse communities around mental health and substance use, and improve outcomes that lead to recovery for those we serve.

This peer team will work with MHASD, contracted providers and system partners to increase awareness about the value of including peers in all aspects of our community system of care. Additionally, the team will assist MHASD to improve strategies for outreach, engagement and coordination of recovery services to a population of consumers frequently engaged with multiple systems in our community.

OCE will work with and the division, department, and community to lead, support, and advise on peer efforts across our county. The development of other projects and improved community engagement will include: creation of a county Peer Advisory Network, peer led community trainings, recommendations supporting system improvements, assistance with the mental health public awareness campaign and improved engagement around mental health and substance use with our local communities of color.
